

FIGHT LAUNCHED TO MAKE POOLE POLICE CHIEF AS COUNCIL ASSUMES POWER TO ELECT OFFICIAL

Voters To Decide on Special Tax for Schools

COUNCIL'S ACTION TAKES AUTHORITY FROM COMMITTEE

ELECTION VOTED TO PASS ON TAX OF THREE MILLS

Appeal Will Be Made To
General Assembly To
Authorize Vote by Peo-
ple on August 27.

CONTROL OF MONEY VESTED IN COUNCIL

Alderman Bachman Does
Not Believe Tax Could
Be Passed and Hints at
Move to Reconsider.

Appeal to the general assembly to
authorize a special election August 27,
at which the people might decide
whether to levy an emergency school
tax of 30 cents on the \$100, which
would produce about \$1,000,000, to
be used by city council in paying
up all board of education debts for
1924, was voted by city council, 19
to 15, Monday afternoon.

Should the plan go through the
board of education would in effect
be stripped of all actual authority
over school operation after its pres-
ent funds are exhausted early in Sep-
tember as the resolution specifies that
the money produced by the tax shall
be expended by the mayor and gen-
eral council to keep schools open until
January 1.

Imman Proposes Plan.
The plan was proposed by Council-
man Edward H. Imman and adopted
as a substitute for the plan proposed
by a special committee appointed at
the special session of council Friday
to devise a practical scheme for fi-
nancing schools through the last four
months of this year. Council's vote
to adopt the Imman plan prevented
any vote on the special committee's
plan.

Mayor Sims will have until Tues-
day, June 10, to decide his action on
the bill, as council is expected to ad-
journ Thursday, and the law gives
him five days after adjournment for
affixing his signature or veto. He in-
dicated Monday that he wishes to
make a more thorough investigation
of the situation, and refused to issue
any statement.

The special committee's plan was
to restore water rates to the
level in effect last month, which
would have produced \$187,000
more than the rate which went into
effect June 1; to cut the city's bud-
get sufficiently to give an additional
appropriation of \$113,000 to schools;
to obtain without popular referen-
dum an emergency one mill tax to
produce more than \$300,000 new
school revenue, and to have the board
of education reduce expenses and get
an extension of time on paying for
equipment in order to keep schools
open until January 1, when 1925
revenues will be available.

Bachman Not Satisfied.
Following the session Alderman J.
R. Bachman, chairman of the finance
committee of council and chairman of
the special committee which proposed
the combination tax-water rate econ-
omy plan, declared it to be his opinion
that the three-mill tax could not be
passed both through the general as-
sembly and at the popular election. He
said that he did not believe it was
introduced with a sincere purpose of
securing relief for schools and in-
stead that a motion to reconsider
might be made when council recon-
venes Friday afternoon to receive the
finance committee's recommendations
for the June finance sheet and to
dispose of business which could not
be reached at the Monday session.

The school board, in session at noon
Monday, had informed Alderman
Bachman's special committee that it
would promise to keep schools open
until January if \$600,000 additional
revenue was provided. The board re-
fused to submit any definite changes
in its present budget to show how the
department could be financed. Presi-
dent Hancock said that it would take
some time to work out such changes.
As a result of council's action Mon-
day, the finance committee will pro-
ceed to make up the June budget
without taking the school situation in-
to consideration.

The committee will have to cut a
sum, estimated variously from \$100,-
000 to \$157,000, out of January ap-
portionments in order to meet the
water rate reduction which went into
effect June 1.

SWEET IS IN LEAD BY SMALL MARGIN IN IOWA CONTEST

Des Moines, Iowa, June 2.—Re-
turns from 237 precincts on today's
senatorial primary in Iowa gave
Brookhart 29,500; Sweet 30,892.

Loeb Is Identified By Taxicab Driver As Gland Robber

LEGAL ADVISERS APPLY GAG RULE AS FIRST DEMAND

Defense Forces State To
Turn Accused Youths
Over to Sheriff—More
Details Bared.

BY THE ASSOCIATED PRESS.
Chicago, June 2.—The legal battle
of millions to free Nathan Leopold,
Jr., and Richard Loeb, scholarly sons
of two Chicago millionaires and con-
fessed kidnapers and slayers of 13-
year-old Robert Franks, son of an-
other millionaire Chicagoan, opened
today, and at the end of the legal skir-
mish, the state and defense attorneys
each claimed victories.

Hearing on a writ of habeas corpus
for release of the two youths was con-
tinued to June 6, but the defense suc-
ceeded in securing an order taking the
boys from the custody of police and
remanding them to the care of the
sheriff of Cook county. They were
taken to the county jail tonight.

To Ask Two Indictments.
The inquest into young Franks' death
was reopened today with the con-
fessed slayers in attendance, but
was continued to June 27. State At-
torney Crowe said he will take the
case before the June grand jury to-
morrow and probably will take three
days to present his evidence. He said
he expected to ask for indictments
for murder and for kidnapping for ran-
som, each crime punishable by death.

The most important evidence un-
earthed today was a letter which Mr.
Crowe said was written to Jacob
Franks, father of the slain boy, by
Leopold and Loeb and which was
found in a Michigan Central sleeper
at New York.

When young Franks disappeared,
May 21, Leopold and Loeb, according
to Mr. Crowe, called the Franks home
by telephone and notified the parents
that their son was held for ransom. Next
day, their confessions said, they sent
Mr. Franks a letter asking \$10,000
ransom and in the afternoon, shortly
before the body of the boy, found in
the southside swamp, had been iden-
tified, they made a second call to the
father who had the money waiting,
telling him to go to a nearby drug
store.

Instructions Prepared.
He failed to understand the address
and did not go. Had he proceeded
to the store, the boys said, he would
have been instructed to buy a Michi-
gan Central railroad ticket to Gary,
Ind., and to sit in a certain rear car
seat where the letter had been placed.
The letter instructed him to watch for
a large sign after passing a certain
street and to count four and the toss
the money out the window, the boys
said.

This part of the plot, according to
Mr. Crowe, had been carefully re-
hearsed, the boys having made the trip
themselves and tossed a bundle of
papers representing the money from
the car window at the specified place
to determine if the plan was feasible.

The boys said, according to Mr.
Crowe, that elaborate precautions
were taken, so that Mr. Franks would
be unable to reach the Monday session.
The school board, in session at noon
Monday, had informed Alderman
Bachman's special committee that it
would promise to keep schools open
until January if \$600,000 additional
revenue was provided. The board re-
fused to submit any definite changes
in its present budget to show how the
department could be financed. Presi-
dent Hancock said that it would take
some time to work out such changes.
As a result of council's action Mon-
day, the finance committee will pro-
ceed to make up the June budget
without taking the school situation in-
to consideration.

SHRINER PARADE AT KANSAS CITY BROADCAST TODAY

Kansas City, Mo., June 2.—Radio
fans who tune in Tuesday morning
at 9 o'clock, central time, on WDAF,
broadcasting station of the Kansas
City Star, will be able to "see" the
first of the three official Shrine pa-
rades which are to be staged during
the national convention of the order.
The Star announced today that a
sensitive microphone will be placed
near the street over which the parade
passes, where it will pick up the con-
tinuous stream of music from the
bands as they pass. Besides the
music, a relay of announcers will de-
scribe as far as possible the appear-
ance of the drill patrols, the various
stunts and other unusual and inter-
esting features of the parade.

This is thought to be the first time
that an attempt has been made to
broadcast a parade.

George Ream Quivers
With Bitter Emotion as
He Demands Full Penal-
ty of Law for Mutilation.

SLEUTHS DROP HINTS OF FRESH REVELATIONS

Victim of November
Crime Paints Gilded
Youths as Boys Scorning
Any of Lesser Wealth.

BY H. H. ROBERTSON.
Chicago, June 2.—Prying into hid-
den and sinister phases of the sur-
charged lives of Richard Loeb and
Nathan Leopold, Jr., investigators
have uncovered a startling chain of
facts which the authorities believe
have connected the two slayers of
13-year-old Robert Franks with a
series of crimes as atrocious and re-
volting as the one they have already
confessed.

Loeb, son of the multi-millionaire
vice president of Sears, Roebuck &
Company, was identified late Monday
by Charles E. Ream, 22-year-old taxicab
driver, as one of two youths who last
fall, took him to a vacant lot on the
city's outskirts, put him under an
anesthetic and performed a gland
operation on him.

Leopold Not Recognized.
Ream did not recognize Leopold
as one of his assailants when he was
taken into the room at the criminal
courts building, where the two con-
fessed slayers of young Franks were
held by the sheriff after being turned
over by the police under habeas cor-
pus writs.

State's Attorney Robert E. Crowe
immediately instituted an investiga-
tion to ascertain whether other vic-
tims of the gland robberies that have
mystified the police here for almost
two years could identify either of the
young "intellectuals," members of an
erotic and wealthy students' group
at the University of Chicago which
held itself above conventions and
scorned mere law.

Probe Other Crimes.
There are other crimes besides the
gland operations which detectives in-
vestigating the Franks' murder be-
lieve may have been committed by
some members of the physically and
mentally abnormal group of which
Leopold and Loeb were members.
But concerning these offenses no re-
sponsible official would talk.

Although unable to identify Leo-

Inventor Devises Suicide Machine To Beat Justice

Alarm Clock Installed as Trigger To Spring Death Lever.

New York, June 2.—Carl Dorn-
field, an aged inventor, surpassed
himself Monday in devising a mech-
anism to defeat the ends of justice.
His masterpiece of invention was
found in his apartment when a court
officer broke into the place to com-
mand his appearance in the West
Farms court on a charge of disorderly
conduct.

Dornfield lay dead on the bed with
a gas-hose in his mouth. An alarm
clock with a string, running to the
gas-jet across the room lay on the
floor, ticking away long after its
work was done.

From the layout the police were
able to reconstruct Dornfield's
scheme.

He had placed the clock on a board
which was balanced on the foot of his
bed. When the clock reached a cer-
tain hour one string yanked a prop
from beneath the board. As the clock
fell, another string, leading to the
gas-cock, yanked it open and Dorn-
field died in his sleep.

The last discovery of the police was
an urn beside the bed, and beneath it
a letter which said the urn contained
the ashes of Mrs. Dornfield, who died
in 1922. Would they be kind enough
to have him cremated, mix his ashes
with those of his wife, and send the
urn to a relative in Los Angeles?

Doctors Fight To Save Life of Little Child As Last Services Are Held for Other Crash Victims

Principals in Sunday's tragedy at Zebulon in which five were killed and one probably fatally
injured when the automobile in which they were riding was struck by Southern passenger train
No. 22. Top row, left to right, 8-month-old Louise Hilliard, daughter of Mrs. Clyde W. Hilliard,
who was killed; Glenn Stewart, 14, son of Mr. and Mrs. Sam Stewart, who also was killed, and
2-year-old Ronelle Hilliard, who is fighting for life at the Atlanta hospital. Bottom row, Sam
Stewart, driver of the death car, who was killed; Clarence Stewart, a nephew, who escaped unin-
jured, and Mrs. Lula Stewart, another death victim. Picture of Mrs. Hilliard, also killed, could
not be obtained. The accident happened in full view of Stewart's brother and youngest son,
who had sped across the track in front of the train. The two families were en route from Zeb-
ulon, where they had visited Mrs. Stewart's sister, to Forsyth, where they had expected to
spend the day with Mr. Stewart's brother. The bodies of Mr. and Mrs. Stewart and Glenn
Stewart were taken to their former home at Forsyth, Ga., Monday for interment, and Mrs.
Hilliard and her daughter were buried at Thomaston, Ga., the home of Mrs. Hilliard's mother.

Man and Maid Test Life In Wildwood Barehanded

New York, June 2.—A story with
all the elements of dramatic fiction
has sent state troopers and society
folk on a wild chase through the
woodlands of New Jersey in search
for a young man and young woman,
each 28 years old, who are believed
to have deserted a gay house party
to go, barehanded, into the forests
and live as did their primal an-
cestors.

The missing youngsters are Helen
Cole, Greenwich Village art student
who is said to have lived in Califor-
nia, and Charles Carter, a friend.
They disappeared Saturday night,
barehanded and both clad in evening
dress, from the home of friends at
Mountain Lakes, N. J., where they
were week-end guests.

The after-dinner conversation had
turned to the oft-repeated novelist's
tale of men and women who go into
the wilderness without supplies of
any sort, and gain a living by meth-

ods of primitive men. A novelist liv-
ing at Mountain Lakes had just writ-
ten such a story, based on life in
the Canadian wilds, and the party
debated the practicability of this
theme.

It is also possible that they debated
whether some kind of publicity stunt
couldn't be devised that would boom
the sale of the novel, for after all the
writer was a neighbor and there's
nothing like doing a neighbor a good
turn.

Those who were at the house-party
didn't suggest that any such idea
was discussed, but claimed the idea
of being a cave-dweller hit Miss Cole
easily and naturally.

Helen had declared that the wild
life was simple, but other guests
laughed at her enthusiasm.

"Why you couldn't even catch a
rabbit!" she was told.

"I could—and with my bare
hands!" she declared.

CHILD LABOR BILL PASSES IN SENATE

Measure Goes to States
for Ratification If Presi-
dent Coolidge Signs It.

Washington, June 2.—After a heat-
ed word-battle lasting all day, the
senate passed the child labor amend-
ment to the constitution Monday
night. The vote was 61 to 23.

The amendment, which has passed
the house, now goes to the presi-
dent for his approval. It will then
be sent to the states for ratification,
if the president signs the resolution.

The amendment proposes to change
the constitution so as to give the
federal government the right to
"limit, regulate and prohibit" the la-
bor of persons under 18 years of age
—a right which the U. S. supreme
court has denied in two decisions.

Principal opposition was based on
the state-rights argument, many sen-
ators arguing that it is not in the
province of the federal government to
regulate child labor. Senator Reed,
democrat, of Missouri, declared that
the proposal is "socialistic, bolshevis-
tic—almost anarchistic." All efforts
to amend the resolution failed.

PRESIDENT SIGNS TAX BILL BUT HITS IT HARD IN NOTE

Approval Makes 25 Per
Cent Cut in Income
Taxes Effective for June
Installments.

COOLIDGE BRANDS BILL AS "POLITICAL"

Message Indicates Plan
To Carry Mellon Plan
to Voters Making Tax
Reduction Issue.

INCOME TAX CUT EFFECTIVE AT ONCE.

Washington, June 2.—The pro-
vision for a 25 per cent reduction in
income taxes payable this year,
contained in the new revenue law,
may be put into effect by the tax-
payer immediately. Persons pay-
ing on the installment plan may
cut their second payment, due
June 15, by one-half and the last
two installments by one-fourth
each. Those who paid the full tax
on March 15 will receive as soon
as is possible a refund of one-
fourth from the treasury without
making application for it.

BY RAYMOND CLAPPER.

Washington, June 2.—Radically
displeased with many features of the
compromise tax bill, President Cool-
idge has nevertheless signed it, be-
lieving that with all of its alleged
defects, it does grant some measure
of immediate tax relief.

He affixed his signature to the
bill at 4 p. m. Monday, and at once
a 25 per cent reduction in current
income taxes becomes effective.

Other reductions, amounting to 50
per cent on incomes under \$5,000,
become effective next year.

Thus tax reduction, which has held
the center of the stage since congress
met last December, and which Presi-
dent Coolidge has repeatedly de-
clared is the most important question be-
fore the country, becomes a fact.

But Coolidge sees many large files
in the ointment. He issued a long
statement in which he severely de-
nounced many provisions of the bill,
describing it as a temporary measure
which must be corrected at the next
session of congress. Some of its pro-
visions are positively harmful to the
country, he said. The estate taxes of

HOUSE APPROVES PLAN TO ADJOURN

Resolution Passes by Vote
of 221 to 157—La Fol-
lette Offers Recess Reso-
lution in Senate.

Washington, June 2.—A resolution,
approved by the house 221 to 157,
providing for adjournment of con-
gress at 7 p. m. next Saturday was
placed before the senate today but
with the promise of a fight to pre-
vent its adoption through the intro-
duction of a substitute resolution by
Senator La Follette of Wisconsin,
the republican insurgent leader, pro-
viding for a recess for one month.

The Wisconsin senator offered his
substitute after he had conferred with
republican and democratic leaders,
who were said to have given him little
encouragement. Conditions in the
agricultural states impelled him to
offer the resolution, however, he ex-
plained, his proposal being for con-
gress to reconvene July 7 to take up
a legislative relief program covering
agricultural, reclamation and trans-
portation questions.

Senate Approval Indicated.

Similar motives led to the opposi-
tion votes in the house to the ad-
journment resolution which was of-
fered by Representative Longworth,
35 democrats, 50 republicans, one
farmer-labor, one independent and
one socialist, principally from mid-
west and far western states, joining in
the vote against it. Indications in the
senate were, however, that as in the
house where 136 republicans and 85
democrats supported the resolution, a
non-partisan line-up would give suf-

Authors of Paper Confi-
dent That Veto Will Be
Overridden if Mayor
Disapproves Step.

SIMS IS NOT READY TO MAKE STATEMENT

Council's Action Will Not
Affect Beavers' Status if
Courts Decide for Him,
Says Spence.

City council voted 23 to 10 Mon-
day to shear its police committee of
authority to elect a chief of police
and to vest that power in general
council as a whole.

Immediately following adoption of
the measure, Councilman Thomas L.
Slappey, joint author with Aldermen
J. L. Carpenter and Oscar William-
son, Councilmen W. M. Etheridge,
R. F. Pennington and Harry York,
announced to newspapermen that A.
Lamar Poole, former chief of detec-
tives, would be placed in nomination
as chief of police as soon as the mea-
sure becomes a law.

Authors of the paper claimed suf-
ficient strength to pass it over the
veto of Mayor Walter A. Sims and
to write it into the city code at the
next regular session of council two
weeks from Monday, regardless of his
action.

Sims Delays Statement.

Mayor Sims stated Monday that he
will have nothing to say until he has
had time to give full study and com-
plete a thorough investigation of the
question. He will have until Tuesday
of next week to either sign or veto
the bill, as the law allows five days
after adjournment of council, which
will be Thursday.

George C. Spence, attorney for
former Chief of Police Beavers, claims
that regardless of any action taken
by council, if the courts decide in
Beavers' favor, he will be reinstated
as chief under provisions of the civil
service law. The only way in which
his reinstatement could be prevented,
providing he wins in court, Spence
stated, is by a repeal of the civil ser-
vice law.

New Turn in Fight.

Council's action Monday gives a
new turn to the political fight that
has raged around the police depart-
ment for years.

Mayor Sims was elected mayor in
a hot campaign two years ago in
which his principal platform pledge
was to "make the police department
as clean as a hound's tooth" by ousting
Chief James L. Beavers and Assist-
ant Chief Poole.

The 1923 police committee, ap-
pointed by Mayor Sims, reduced
Poole to the ranks but was unsuccess-
ful in its efforts to dislodge Beavers
as chief. The 1924 police committee,
also appointed by Mayor Sims, suc-
ceeded early this year in discharging
Beavers, but the former chief's ap-
peal from the committee's verdict is
still pending in the courts.

After the 1925 campaign, which re-
sulted in Mayor Sims' election, a ma-
jority in council was strongly behind
the Sims program. Last year, how-

C. F. von HERTMANN,
Meteorologist, Weather Bureau.

ever, at least one of the most ardent police reorganization advocates and member of the 1925 police committee was defeated for reelection and a candidate credited with being cordial to the anti-reorganization faction was elected. At least two other members of council, who were counted as Sims supporters last year, have announced publicly reversal of their attitude on the police question.

The vote of 22 to 10 Monday was not accepted in all quarters as an accurate index of council's attitude toward control of the department because some members who voted to take away from the committee the power to elect a chief said after the meeting that they would not vote either for Poole or Beavers for chief. If the mayor vetoes the paper, an council leaders predicted he will do, the vote to override his veto will, it is expected, develop the factional lines with a greater degree of accuracy.

Vote on Paper.
For making the chief elective by council: Hunter, Williamson, Carpenter, Buchanan, Councilmen Pennington, Wardlaw, Beall, Skupper, Greer, Aven, Vaughan, White, Couch, Etheridge, York, Jenkins, Knight, Russell, Cooper, Callaway, Johnson, Bucherth, House—23.
Against the change: Aldermen Duvall, Moon, Hartsfield, McLendon, Armistead, Buchanan, Councilmen Moore, Baker, Inman, Saunders—10.

RICHARD B. JETT IS NAMED HEAD OF CITY GARAGE

Richard B. Jett was re-elected superintendent of the municipal garage by unanimous vote of council Monday afternoon after council had extended the term of his office from one to two years on resolution introduced by Councilman R. F. Pennington.

WALTER TAYLOR RE-ELECTED CLERK OF CITY COUNCIL

Walter C. Taylor was re-elected clerk to city council by unanimous vote of 35 members present Monday afternoon.

He was nominated in a speech of cordial tribute by Alderman Claude E. Buchanan. More than a score of members seconded the nomination. He had no opposition. The term to which he was elected Monday will expire January 1, 1937.

COUNCIL OVERRIDES VETO OF SIDEWALK AND CURBING WORK

Contracts for sidewalk and curbing work were approved by city council Monday afternoon, overriding the veto of Mayor Walter A. Sims, but still subject to approval of the aldermanic board which is to meet Thursday afternoon. They had been vetoed as too high.

Ninety petitions for more than 20

miles of sidewalk and curbing are already on file with the city construction department, and as a result of council's action work on the improvements can be started immediately.

PRAISE IS GIVEN TO MRS. JACKSON BY CITY COUNCIL

Mrs. Earl Sherwood Jackson was extended a rising vote of thanks by city council Monday for her work in producing annually the Christmas pageant, "The Light of the World," and Mayor Walter Sims was authorized to appoint a special committee of 12 members to co-operate with her in making the pageant an annual event. Action was taken on resolution by Alderman J. R. Buchanan, who filled the role of "The Voice of Prophecy" in last year's production.

ANOTHER CHANGE IN SCHOOL BOARD OFFERED COUNCIL

Restoration of the commission plan of school control which was in effect prior to adoption of the charter amendment creating the present board was proposed to council Monday afternoon by Alderman W. B. Hartsfield. It was referred to the charter revision committee for public hearing Wednesday.

The Hartsfield plan is to have six commissioners, each elected by council to represent a school district, and with the mayor and the chairman of the council school committee ex-officio members.

This commission would be required to adopt a budget at the first of the year providing for operating schools within the amount appropriated by council and individual members would be personally liable for expenditures in excess of that sum.

The charter revision committee also will prepare a report Wednesday on the Inman proposal for placing schools under council committee in the same way as other departments are controlled. Alderman R. A. Gordon, who announced last week that he intended to introduce a proposal to this effect, withdrew it in favor of the Inman plan.

BUCHANAN URGES COUNCIL ELECTION OF CITY OFFICIALS

Alderman Claude E. Buchanan introduced in council Monday a charter amendment to vest in council authority to elect eight city executives who are now subject to election by the people. The proposal was referred to the charter revision committee which meets Wednesday.

The officials name dare city marshal, manager of water works, tax collector, chief of construction, city warden, city electrician, chief building inspector and police recorder.

A set of dominoes can be combined in 254,528,211,840 different ways.

GOTHAM GAMBLERS MAKE AL SMITH BETTING FAVORITE

New York, June 2.—There is still plenty of money afloat waiting to be taken at odds of 1 to 2 1/2 that Al Smith will receive the democratic nomination for the presidency.

On the other hand, the odds stand 3 to 1 against W. G. McAdoo, according to J. S. Fried & Company, bet brokers in the Wall street district. The firm declares it still has considerable money awaiting takers at 1 to 2 1/2 on Smith, and still more at 1 to 7 that he will be the next president.

The 1 to 3 1/2 odds also stand in the case of John W. Davis, Carter Glass and Samuel Hays.

Nobody has had the temerity to bet anything on the republican nomination, but odds are being offered at 5 to 1 that President Coolidge will be re-elected, and at 1 to 3 that the next president will be a democrat.

HERRIOT IS ASSURED SOCIALISTS' SUPPORT

Paris, June 2.—Terms imposed by M. Herriot, leader of the radical socialists, for acceptance of the premiership, were endorsed tonight by the socialist congress, which unanimously adopted a resolution formally assuring him of their support.

As evidence of their loyalty, the congress relieved the parliamentary group of the obligation of voting against the budget as a whole. A letter in friendly terms conveying this assurance was sent to M. Herriot.

President Millerand tonight is sitting tight, waiting for his enemies to find the way to force him off and out of his presidential home in the Rue Faubourg St. Honoré, according to those friends of his who have been in touch with him since the movement to eject him from office was put under way.

No visible reaction has been produced at the Elysee palace by the menaces of the radicals and socialists and by the hostile resolutions adopted by the groups forming the new majority in the chamber.

The president's adversaries tonight appeared disposed to substitute persuasion for threats as a result of reflection which convinced them there was no legal way of putting a premature end to the presidential term of office, and that the manifestations they might be able to make in the chamber would be dangerous not only to the president, but also to the newly-elected majority. They declared they were now willing to allow

Edouard Herriot, leader of the radical party, to accept the mission to form a cabinet from the hands of M. Millerand on condition that the occupant of the Elysee retire gracefully as soon as the new government is installed.

The other important element of major uncertainty in the situation—the action of the socialists, who have been most eager to oust the president—remained as far from clarification tonight as did the probable upshot of the tug-of-war between the president and parliament.

At an almost all-night session, the socialists failed to reach a decision as to what would be their attitude toward the new government.

BLOODY REVOLUTION CENTERS IN SCUTARI

Belgrade, June 2.—The Albanian insurrection, according to a Serbian press bureau communication issued today, broke out in Scutari Saturday, when two deputies, heading a force of one thousand Albanians and others, attacked the government partisans and gendarmes. By Sunday morning the insurgents had already occupied half the city of Scutari.

The insurgent forces totaled 1,700, the communication asserts, with four mountain guns and eight machine guns, against the government forces of 700 armed with only a few automatic rifles.

Saturday night the insurgents began a bombardment of the Scutari prefecture and continued the attack out Sunday. The prefect is besieged there with only 300 gendarmes as protection, the press bureau states.

From other sources it is reported that numerous casualties have occurred on both sides and that the commander of the gendarmes has been killed.

Woman Shot Doctor Then Killed Self, Belief of Police

Harrisburg, Pa., June 2.—Local police investigating the double shooting yesterday here in which Dr. Cornelius M. Diller, a physician, was wounded, and Mrs. Anna Manbeck, a patient, was killed, sought a motive for the crime in the belief that the woman shot the doctor and then took her own life. Dr. Diller's condition was reported as serious, although physicians believe he will live.

The physician was shot early in the morning. A short time later he staggered to a neighbor's house and called for an ambulance, declaring, according to persons who attended him, "that a woman shot me." Mrs. Manbeck was found dead in a chair in the physician's office, a revolver on the floor nearby.

A tiny steamer has set out in search of the lost continent of Atlantis which existed 10,000 years ago.

ONLY 12 FINED IN TRAFFIC WAR

Only 12 persons were found guilty of violating traffic laws in recorded court Monday, and one case was dismissed, the number called for trial being the smallest for several months.

Five were found guilty and fined on charges of violating traffic ordinances, an equal number for reckless driving, and two for speeding, the fines aggregating \$225.

Twenty-two new cases were made by police during the day, 14 arrests being made on charges of violating traffic ordinances, six drivers charged with speeding, and two with reckless driving.

One Accident Recorded.
In the only accident recorded, Mrs. P. H. Humphrey, of 2 Kents avenue, was slightly injured Monday afternoon when struck by an automobile truck driven by Henry Marron, negro, 333 Piedmont avenue, as she alighted from a street car at Forsyth and Marietta streets. Marron was arrested by Patrolman S. H. Arrawood on a charge of reckless driving.

Witnesses stated that the negro failed to observe the law forcing vehicles to stop while street cars are discharging or taking on passengers, striking Mrs. Humphrey, as she alighted from the car. The victim was taken to her home, where her injuries were found to be slight.

The following were fined Monday in Recorder's court:

VIOLATING TRAFFIC ORDINANCES.
W. W. Pharr, 30, 763 Highland avenue, \$5.
L. L. Thompson, 31, 39 East Estoria street, \$5.
J. T. Griffin, 38, 286 West Mitchell street, \$5.

SPEDING.
Lee Smith, 25, 63 Biggers street, \$25.
John Brooks, \$25.

RECKLESS DRIVING.
Ernest Hines, 16, 201 East Cain street, \$25.
H. H. Warmack, 24, 122 Copenhill avenue, \$25.

CASES DISMISSED.
John Montgomery, 26, the Cecil hotel, \$25.
Mrs. C. P. Boyd, 40, 392 Oakland avenue, \$25.

BARNETT RE-ELECTED HEAD OF EXCHANGE

New York, June 2.—Edward B. Barnett, was re-elected president of the New York Cotton exchange for one year. Richard F. Harris was elected vice president and James F. Maury was re-elected treasurer. Members of the board of managers selected were: Herman B. Baruch, Louis Brook, Thomas F. Cahill, J. Chester Cuppia, Collier Estes, Max Greeven, Gaines Gwathmey, Ralph H. Hubbard, William H. Judson, Leigh M. Pearl, Clayton E. Rich, James Riordan, Henry H. Royce, George M. Shutt and William J. Walsh.

HOUSE APPROVES PLAN TO ADJOURN

Continued from First Page.
ficient votes for adoption of the adjournment proposal.

Associates of Senator La Follette who have participated in the conferences held since his return from Atlantic City were of the opinion that there would be no organized effort to delay passage.

Act on Deficiency First.
In accordance with custom, this was given in charge of Chairman Warren, Wyoming, of the appropriations committee, who said he did not intend to call it up until the urgent deficiency bill providing funds for executing the bonus law has been enacted. This may delay senate action until Wednesday.

The La Follette resolution will come up automatically tomorrow if the regular order is followed. The Wisconsin senator was understood to be preparing a speech on the subject which would make clear his position and that of his colleagues; that congress should not consider adjourning until a decided effort had been made to "save agriculture."

The resolution, both in its preamble and its suggested program for the renewed session, stressed the agrarian problems.

Senator La Follette was said to have considered for a time withholding the recess resolution and submitting instead a memorandum, in the shape of a round robin, carrying a continued session.

No Friction in House.
Action by the house was obtained with a notable lack of friction. Representative Longworth seized the opportunity afforded by the declaration of advocates of the Howell-Barkley bill for abolishing the railroad labor board that they had abandoned their fight for enactment of that measure to bring up the adjournment resolution.

Questioned as to the fate of farm relief legislation, the majority leader said he "sincerely hoped some bill would be passed. Representative Rubey, democrat, Missouri, one of the chief supporters of the McNary-Haugen bill, said it seemed probable that there would be insufficient votes to pass it when a vote is ordered tomorrow.

Representative Garrett, the democratic leader, said he would not seek to block adjournment, but he took the majority to task for its alleged failure to put through necessary legislation before concluding the session.

Admitted Slayers Of Robert Franks

dent and friend of Leopold, was called to the state's attorney's office for questioning today after she had told of a conversation with Leopold the day previous to his arrest in which she suggested jokingly that he confess to the slaying, and he acquiesced, remarking she could then collect the \$10,000 reward. Prosecutors said they gained little additional information from her.

Two automatic pistols were added to the many pieces of evidence collected by the state today after assistant state's attorneys said the boys had told them the pistols were carried in their car the day of the kidnaping and were to have been used in case of pursuit.

Mr. Crowe declared the state now has in its possession nearly every bit of evidence the boys have mentioned, including young Frank's shoes, belt buckle, parts of his clothing, fragments of a blood stained automobile tire, the car the slayers used, the spectacles lost by Leopold when he took the body to the swamp and other evidence. Only a typewriter on which they said they wrote the ransom letter before throwing the machine in a lagoon is missing. The police still are searching the lagoon for this typewriter.

Accosted Another Boy.
The youths, according to their confession, selected young Franks as a victim because he happened along at an opportune moment, and the police today were investigating the statement of John Levinson, 11, son of a wealthy attorney, and A. C. Seass, an instructor of the boy, that he may have been intended for their victim. The boy said he knew both Leopold and Loeb and that Loeb approached him a few hours before the kidnaping and spoke casually to him.

Young Leopold, son of Nathan Leopold, Sr., wealthy boy manufacturer, appeared nonchalant at the court hearing and inquest and had not forsworn his braggadocio attitude of yesterday when he boasted of his family's wealth and suggested that a few jurors might be fixed. He attempted to have an officer deliver a note to his home instructing his family to give the bearer a pint of gin or whiskey. The note was destroyed.

Loeb, however, was extremely nervous and apparently terrified by the trying ordeal. He paced

pold as the other of his assailants, Ream declared that he resembled the man who he said helped Loeb.

"This is an awful thing, and I want to be sure," Ream said. "He looks like the other man, but I am not certain."

Demands Full Penalty.
Then, with a bitter tenderness that moved even the detectives and officials who have spent days and nights unraveling details of the most inhuman and appalling crime in Chicago's long criminal history, Ream demanded that the men who abducted and mutilated him be made to pay a penalty.

"There is nothing too severe for them," he cried. "That little Franks boy was just one of their victims. They and the rich men's sons who were their friends—they thought nothing of doing whatever they take it into their heads to do. They weren't crazy; they were so rich they thought no law would touch them."

While an astonished group listened, Ream, in a voice that faltered at times, recalled the circumstances of the outrage perpetrated on him about 2 o'clock the morning of November 20, 1923. Ream was walking home from work on this morning and as he approached the corner of Dorchester avenue and Fifth-fourth street, on Chicago's Southside, he heard the high-pitched throb of a rapidly driven automobile.

A big car drew up at the curb beside him. Two men pushed revolvers in his face and ordered him to get in. Then started a long and wild ride out to a prairie on the extreme south end of the city and during the interval Ream had time to get a good look at his captors, as the car passed under numerous street lights.

In a deserted swamp, which appeared to be a hunting camp, Ream felt a cloth clamped over his face and became conscious of a rather sickening odor, then he lost his senses. When he revived it was after daybreak. He discovered he had been mutilated. Weak, hardly able to walk, he staggered to a road and asked for help. He was rushed to a physician who found he had been the victim of a gland operation.

A fact which interests State's Attorney Crowe is that the street corner where Ream was kidnaped is not far from the exclusive section where the Leopold, Loeb and Franks families reside and is but a short distance from the Chicago university campus.

And to heighten the interest which the state's attorney's office took in the possibility of other crimes being traced to young Loeb and Leopold those case information concerning another unsolved murder in the neighborhood where the youths lived.

On April 7, 1924, Melvin L. Wolf, 24 years old, left the home of his wealthy grandfather, Henry M. Lindenthal, to mail a letter. He wore no hat and intended to return in a few minutes. He never came back alive.

Lindenthal To Push Probe.
Nearly a month afterwards Officer Michael Neary, of the South Park police, found Wolf's body and pulled it from the lake. Although there was nothing in the condition of the body to show that the young man had been murdered, his relatives retained detectives and declared their belief that he had been kidnaped and killed.

Lindenthal, a wealthy clothing manufacturer, was the first to apprise the state's attorney's office of a possible connection between the Franks case and the mysterious death of his grandson.

"It certainly is possible that these boys kidnaped and murdered my grandson," Lindenthal declared. "If they would kidnap and murder an innocent boy, why should they hesitate to take another young man and throw him in the lake? I know of no way of proving it, but I am having the whole thing thoroughly investigated. Whoever killed my grandson was no ordinary killer."

have no time to notify the authorities after receiving final instructions and could not get off the train when he delivered the money. The youths said they intended to have an automobile waiting to speed away with the cash, according to their statements. The letter, as well as the Pullman car in which it was found, are both being returned making Mr. Crowe said. The Pullman left here the day of the kidnaping.

The accused youths spent a busy day, being rushed from a police station to the state's attorney's office, from there to the court hearing, then to the inquest and back to the state's attorney's office where a conference between the prisoners' attorneys and relatives lasting for two hours was held. The prisoners, lawyers and relatives, at the end of their conference, continued the new policy of saying nothing which has characterized the defense tactics today since attorneys reached the boys through the habeas corpus proceedings.

Clarence Darrow, chief of counsel for the defense, said during the proceedings that the action was brought not so much with a view of having the prisoners freed as to allow their attorneys to consult with them and to prevent the state from making an examination as to their sanity. Though the defense in its arguments did not indicate that the boys had suffered bodily harm at the hands of the police, there was an intimation that the confessions if not repudiated, would be attacked on the ground that the youths had made the statements attributed to them after they had been subjected to long hours of questioning and had been forced to go without sleep and endure other hardships.

The authorities also started an investigation of the possible connection of the youths with an attack and operation on a taxi-driver several months ago, the victim being reported to have said that the boys were his assailants.

HEARING AGAINST CEMETERY BEGINS

Hearing on the injunction suit, brought by the city of Atlanta and 25 property owners of Oak Grove district to prevent establishment of a cemetery in that district near Roswell road, began before Judge E. D. Thomas in Fulton superior court Monday. The bill is against the Fulton county commissioners, Charles G. Turner, a commissioner, and O. E. Etheridge, alleged to be the agent of Mr. Turner in establishment of the cemetery.

Allegations of petitioners include the charge that a permit to establish the cemetery was granted by the commissioners illegally because "Commissioner Turner, interested personally in the property to be used, cast a vote to grant said permit."

Claim City Water Damaged.
The fight against the cemetery is further based on the ground that the city's water supply will be damaged, it being alleged the cemetery will be on a watershed, which is drained into the Chattahoochee river which furnishes Atlanta's water.

Mayor Sims has named a committee composed of Attorney Horace Russell, chairman; Dr. C. C. Aven and Dr. C. J. Vaughan to investigate the whole cemetery project with a view to the whole cemetery project to reject.

sent the public of Atlanta in the litigation.

List of Property Owners.

The property owners who are parties to the suit are J. A. Mabry, M. H. Nance, Aldine Chambers, J. E. Butler, W. H. Mitchell, George Spence, Mrs. James A. Reed, Lowry Arnold, E. Marvin Underwood, Ben J. Conyers, J. B. Robinson, E. W. Alfriend, Edgar Dunlap, T. E. Wink, James A. Branch, Mrs. Lily M. Williams, Gordon Burnett, Dr. L. C. Fisher, L. E. Wilcox, J. H. Lorens, F. J. Coolidge, A. C. Burdett, Morris Brandon, B. F. Burdett.

Attorneys Arnold & Arnold, Branch & Howard, Colquitt & Conyers and Underwood, Pomeroy & Haas are counsel for the petitioners, while Attorneys James L. Key, of Atlanta, and J. H. McCalla, of Conyers, represent Messrs. Turner and Etheridge. County Attorney Charles B. Shelton is appearing for the county commissioners.

SIGNS TAX BILL, BUT HITS IT HARD IN NOTE

Continued from First Page.

40 per cent, when added to those maintained by many states, amount to confiscation of capital, he said.

The upshot is that tax reduction still is a political issue. Coolidge is going to the country to continue the fight for the Mellon plan which Congress has passed by many of his own party leaders scuttled. The present bill is democratic in many of its essential features. Coolidge's critical analysis makes it clear that the republican party will do no bawling about the present bill, but rather will

assail the democrats, charging them with causing rejection of the Mellon plan and forcing a less desirable measure on the country—a measure political rather than economic in its provisions.

Policy Declared Unsound.

"The bill does not represent a sound, permanent tax policy and in its passage has been subject to unfortunate influence which ought not to control fiscal questions," Coolidge said in his statement. "Still, in spite of its obvious defects, its advantages as a temporary relief and a temporary adjustment of business conditions, in view of the uncertainty of a better law within a reasonable time, lead me to believe that the best interests of the country would be subserved if this bill became a law. A correction of its defects may be left to the next session of Congress. I trust a bill less political and more truly economic may be passed at that time. To that end I shall bend all my energies."

As forecast a week ago, Coolidge signed the bill on the theory that some tax reduction is better than none.

"The passage of a new revenue bill was required for two reasons, the reduction of taxation and the reform of taxation," the president explained.

"The bill as passed provides a certain amount of tax reduction. It improves some of the features of administration. But, it is not only lacking in tax reform, it actually adds some undesirable features to the present law. As a permanent expression of government fiscal policy, this bill contains provisions which, in my opinion, are not only unsatisfactory, but are harmful to the future of this country."

The president, in discussing objectionable features, singled out the following:

Four Objections to Bill.

1. Reduction of high surtaxes 10 per cent instead of 25 per cent as urged by Mellon.
2. Increase of the estate tax to 40 per cent. This, when added to state inheritance taxes, amounts to a practical confiscation of capital.
3. Requirement that a list of all taxes paid be exhibited publicly in each post office.

4. Provision for making public records in all tax appeal cases. The publicity features constitute an unwarranted interference with the privacy of citizens, the president said. "It is believed that far from increasing revenue, the desire to avoid the gratification of the idle curiosity of others or the exposure of one's personal affairs to one's competitor will result in the concealment of millions of dollars of income which would otherwise be reported," Coolidge added.

"This means a change in the fundamental policy of our laws, violative of private rights and harmful to government revenue."

Appeal Board Inefficient.

Coolidge predicted that the board of tax appeals provided in the new law would be unable to handle the business which is bound to come to it, and that there will be greater delay in settlements and possibly complete breakdown of the machinery for collecting the taxes.

He disposed of fears that the soldier bonus would create a deficit, announcing that the treasury may reasonably expect to conclude the fiscal year 1925 without a deficit.

Coolidge said the future tax policy must be shaped so that sources of taxation would be maintained and the great number who pay no direct taxes would have some reduction in their indirect levies.

Reduction, Not Reform.

"The bill represents tax reduction, not tax reform," he continued. "If we are to maintain the American standard of living and hold our place in the world, we must adjust our taxes upon an economic, and not a political basis."

The president left the inference that he would have vetoed the measure had there been sufficient time to get another through Congress.

TEXT OF COOLIDGE MESSAGE OF APPROVAL.

Washington, June 2.—In a statement just after he signed the bill, President Coolidge said:

"The passage of a new revenue bill was required for two reasons—the reduction of taxation and the reform of taxation. The bill as passed provides a certain amount of tax reduction. It improves some of the features of administration. But it is not only lacking in tax reform, it actually adds some undesirable features to the present law. As a permanent expression of government fiscal policy, this bill contains provisions which, in my opinion, are not only unsatisfactory, but are harmful to the future of this country."

The reduction of high surtaxes from 50 to 40 per cent is quite immaterial to accomplish a real improvement in the law. The resolution for a constitutional amendment giving to

the states and the federal government reciprocal rights of taxation on securities issued by the other, which was urged in my annual message to the Congress, and the passage of the suggestion of exemption, in part, the abuse of tax exemption by limiting the deduction for interest of a non-business character, to the amount that such interest exceeds the tax-exempt revenue of the taxpayer has not been adopted.

"With some \$12,000,000,000 of tax-exempt securities now outstanding, and \$1,000,000,000 of new issues each year, it is idle to propose high surtaxes. A man with large inherited or accumulated capital is told he must pay one-half of his income to the government if he invests it in productive business, but he is invited to be relieved of all tax by the simple expedient of withdrawing from business and investing in tax-exempt securities. This does not mean that wealth in existence is taxed; it is not. It escapes. It does mean, however, that initiative and new enterprises are retarded."

Fall as Source of Revenue.

"While the inconsistency of high surtaxes existing side by side with a lawfully authorized means of avoidance is obvious, it is not simply through tax exemption that high surtaxes are uneconomical. The experience for the few years under high surtaxes shows the increasing failure of these taxes as a source of revenue. There are many means of escaping the tax, and with the settlement of conditions abroad, we may anticipate the movement of capital from this country to other parts of the world where income is not so penalized. Wars will always be fought to avoid taxation inherently excessive. We are presented, then, with a plan of taxation which punishes energy and initiative and is harmful to the revenue. Such a plan will ultimately work harm to the country and should not be permitted to continue much longer. The bill does not lie in attacking the symptoms but in unsound penalties worse than the disease itself, such as an undistributed surplus tax, but in correcting the cause. The remedy is such a reduction in the peak of the surtaxes as will attract capital to new enterprises and prevent the continual diminution of taxable income in higher brackets. In this way alone can high living costs, the indirect tax paid by all of the people, be reduced to the salary of a member of the board of income tax maintained."

Practical Confiscation of Capital.

"The principles applicable to high surtaxes apply similarly to high estate taxes. The bill raises the estate tax to 40 per cent. A concrete example is added a gift tax, which is a further invasion of the rights of the citizen, both unusual in nature and of doubtful legality. When there is added to this the inheritance taxes levied by the states, this amounts to a practical confiscation of capital. To meet these taxes, exorbitant must realize cash on forced sales of property, with a general lowering of all values upon which the credit structure of our country is based, and diminishing the very source from which this revenue comes. It is proposed to take capital and to use it for the ordinary operating expenses of government. We are thus to live, not on income, but on principal, and to that extent we exhaust our resources and prevent the industrial expansion essential to our increasing population and our high standard of living. Heretofore, estate taxes in the federal government have been war measures. It is now proposed to use these reserves in times of peace. They should be kept for emergencies."

States Have Real Interest.

"The states have a very real interest in this tax. Inheritance taxes constitute a material part of state revenue. They are a comparatively small factor in federal revenue. As the federal government invades this sphere, belonging primarily to the states, it will cut down the flow of income to the states from this tax, and thus force the states to higher taxes from other sources, which will mean increased land taxes. For the sake of \$12,000,000 of additional revenue the federal government in its strength should not further handicap the states, already heavily burdened with expenditures which can be met only by taxation. I believe also it would be advisable to call a conference of the taxing authorities of the states and the treasury, before the next session of the Congress, to give consideration to some comprehensive plan of division of this field of taxation between the states and the federal government and the elimination of overlapping and unfair taxes."

"Our institutions guarantee to our citizens freedom in their private affairs, a right giving way only to the needs of government. Under the law as it now exists, the treasury has access to all information useful in determining the liability of the taxpayer. For the needs of revenue, publicity is unnecessary. While the bill purports not to give full publicity to the citizen's affairs, it still requires without reason the rights of the taxpayer. In each postoffice the amount which the citizen contributes to the treasury must be exhibited to the curious and to the business rivals of the taxpayer. Committees in Congress have access to returns and other private papers, without any restriction as to their publication, in open committee or in the floor of Congress, the most certain means of publicity. If a taxpayer desires a hearing before the board of tax appeals he must expose to the public the complete details of his income. To put this price upon the fair determination of tax liability in its regular administrative course is entirely unjustifiable. Yet, such is done in the public provisions of the board of tax appeals."

Result in Concealment.
"It is not alone in the unwarranted interference with the right of the citizen to privacy that these provisions are hurtful. It is believed that far from increasing revenue, the desire to avoid the gratification of the idle curiosity of others or the exposure of one's personal affairs to one's competitor will result in the concealment

of millions of dollars of income which would otherwise be reported. This means a change in the fundamental policy of our laws, violative of private rights, and harmful to government revenues."

"Criticism of the income tax and a large part of the dissatisfaction with it are the result of delay and uncertainty in the final determination of a taxpayer's liability. Taxes can usually be paid within a short time after the receipt of the income on which the tax is based without serious embarrassment. The payment, however, of a large additional tax on income received several years previous and which may have since its receipt either been wiped out by subsequent losses or invested in non-liquid assets may force a taxpayer into bankruptcy and often causes financial sacrifice and hardship. Provision should be made for the prompt and final determination of a taxpayer's liability and such was the purpose in the suggestion for a burden of tax appeals."

Makes Board a Court.

"Provisions of the bill, however, with reference to the board, make it in all its essentials practically a court of record. The board is to be bound by the action of evidence and procedure. In each case a formal record must be prepared and all oral testimony in cases involving more than \$10,000 must be reduced to writing. The action of the board is to be the findings of fact and a decision must be written. A taxpayer is entitled to appeal to the board before any assessment can be made. The reduction in the salary of the members of the board from \$10,000 as recommended by the treasury to \$7,500, and the reduction of the term of office of the original appointees from the ten years recommended to the five years now in effect, tend to secure for membership on the board men with training, experience and ability. This board of tax appeals, unable to secure the proper type of membership, hampered and burdened with rules of procedure and evidence and forced to prepare a record, a finding of fact, and a decision in practically every case, will be unable to handle the business which will come to it. The result will be greater delay in the final settlement of tax cases, and may ultimately result in the complete break-down of the administrative machinery for the collection of taxes."

Sees No Deficit to Follow.

"The purpose of a tax bill is to provide the government with revenue, and the primary consideration on tax reduction is the probable receipts and expenditures of the government after the bill becomes a law. We shall close the fiscal year ending June 30 next, with a surplus, but it is the next fiscal year that must have consideration. By far the greater part of the loss of revenue which will be brought about by the bill is in income taxes. Aside from the 25 per cent credit in 1924 taxes the bill applies to incomes received in 1924, the tax on which is payable in the calendar year 1925. So this income tax reduction will not be felt until the last half of the fiscal year 1925. Under these circumstances, after giving effect to the bonus law and the reductions contemplated by the bill, and provided no further commitments in large amounts are made by the Congress, the treasury may reasonably expect to conclude the fiscal year 1925 without a deficit."

Looking beyond 1925 to later years, there are certain factors which deserve consideration. The excess profits and income tax laws of the war period were new in principle and exceedingly complicated in practice. The treasury has not yet become current in the ascertainment of tax liability and collection of taxes for this period. We must therefore consider the establishment for the future of such a policy of taxation as will insure the maintenance of the sources without the aid of these reservoirs which will soon be empty. This means that the policy must be so framed that it will encourage the creation of income subject to tax, will close the most obvious methods of avoidance, will not diminish by excessive estate

taxes the very values upon which the federal and the state governments must rely for revenue and will bring about a reduction in the high cost of living as a means of meeting world competition. Of the 110,000,000 people in this country, less than 4,000,000 pay income taxes directly. The remaining 106,000,000 who pay no such direct taxes are given relief from what they pay indirectly in every tax reduction. These conditions the present bill does not meet.

High Taxes as War Measure.

"High taxes were adopted as a war measure in 1918. We have had but six years' experience under them and their detrimental effect upon our fiscal structure is not yet fully appreciated. To the intelligent observer tendencies are already apparent which indicate the stress to which this structure is being put. I mention as an instance the increased cost of capital for new industrial enterprises. These influences are being felt even in our present prosperity. During the after-the-war period of adjustment, the other great nations of the world have been disturbed more than this country. They are not yet

restored. As a consequence, we have been relieved of much of the world competition. When other countries return to productivity and become again the serious commercial rivals of our people, and when we experience those periods of depression which normally follow periods of prosperity, we should have our house in order by so establishing our tax system that its economic effects will be beneficial and not harmful. The bill represents tax reduction, not tax reform; if we are to maintain the American standard of living and hold our place in the world, we must adjust our taxes upon an economic and not a political basis."

"The bill comes to me for consideration less than two weeks before the contemplated adjournment of Congress, and it provides for credit on 1924 taxes which should become effective before June 15 next. No different bill can be passed before adjournment. The question before me is the present law of the bill in the shape it has passed the Congress. Still, in spite of its obvious defects, its advantages as a temporary relief and a temporary adjustment of business conditions, in view of the uncertainty of a better tax within a reasonable time, lead me to believe that the best interests of the country would be subserved if this bill became a law. A correction of its defects may be left to the next session of the Congress. I trust a bill less political and more truly economic may be passed at that time. To that end I shall bend all my energies."

year 1925, and probably be sufficient for some time if no unforeseen expenses arise. The immediate relief by credit on 1924 taxes of 25 per cent is due, is expected by the people and should be promptly given, and the termination of the taxes to which 1924 incomes will be subjected should be made certain while the income is still being received.

Predicts New Bill.

"These opinions are supported by the treasury department. "As I have said, the bill does not represent a sound permanent tax policy and in its passage has been subject to unfortunate influence which ought not to control fiscal questions. Still, in spite of its obvious defects, its advantages as a temporary relief and a temporary adjustment of business conditions, in view of the uncertainty of a better tax within a reasonable time, lead me to believe that the best interests of the country would be subserved if this bill became a law. A correction of its defects may be left to the next session of the Congress. I trust a bill less political and more truly economic may be passed at that time. To that end I shall bend all my energies."

Lawrenceville, Ga., June 2.—(Special.)—June term of Gwinnett superior court convened here today with Judge Lewis Russell, of Windsor, presiding and Solicitor Pemberton Cooley, of Jefferson, appearing to care for the state's interests. The court calendar shows many divorce and civil suits, which will consume the first week, the last week to be devoted to the criminal docket.

80 MERCER SENIORS WILL GET DIPLOMAS

Macon, Ga., June 2.—Wednesday will mark the date of the ninety-first annual commencement program of Mercer university, when 80 students will be awarded degrees. With the close of final examinations on Friday sessions closed. Mercer summer school will open June 16.

Two of this year's graduates are Atlantans, Miss Mary Frances Johnson and James Frances Gordon, the former taking a master of arts degree and the latter a bachelor of law degree. The number to be awarded degrees is the largest in the history of Mercer. Of these, six are special students in theology, 13 are law students, two are in medicine, eight in commerce and 40 are in the literary course.

Governor Carey A. Hardee, of Tallahassee, Fla., will deliver the literary address. The commencement sermon was preached on Sunday morning at the Grand theater here by Dr. Carter Helm Jones, of the Second Baptist church, of Atlanta.

The semi-annual meeting of the Mercer board of trustees met today, at which time faculty changes and additions to equipment will be considered. A reception to trustees and the graduating class was given by President and Mrs. Rufus W. Weaver tonight.

Tuesday will be alumni reunion day when classes of 1919, 1921, 1922, 1923, 1924, 1925 and on back at five year intervals, are expected to be on the campus for a get-together event. At a banquet to be given in the college dining hall Tuesday night, Hewlett A. Hall, of Newnan, will deliver the annual alumni address.

The baccalaureate address and delivery of diplomas will be made by Dr. Rufus W. Weaver, Mercer president, Wednesday, officially closing the 1923-24 session.

COLUMBUS LAUNCHES WAR ON SPEEDERS

Columbus, Ga., June 2.—War on speeders and reckless drivers, which was declared yesterday by Chief of Police M. D. Gill and endorsed by City Manager Walter Richards, began today in Columbus.

Forty-nine auto crashes in the city during the month of May led to the move by the chief of police. A number of offenders against the traffic ordinances were arraigned for hearing in police court this morning and given increases over the previous fines for the same offenses, which is part of the campaign to cut down accidents.

Local newspapers are cooperating in the movement. No limit has been set for the campaign.

BROTHER-IN-LAW HELD AS FARMER IS SLAIN

Willacoochee, Ga., June 2.—(Special.)—Dave Stockdale, a young Atkinson county farmer, living about six miles south of Willacoochee, was stabbed to death last night. A coroner's jury charged Jesse Wright, a brother-in-law, with the slaying. Wright has been placed in the county jail. He claims he is innocent.

SPRAYING DATES FOR PEACH CROP GIVEN BY EXPERTS

Fort Valley, Ga., June 2.—(Special.)—Haley peaches will be ready for the final application of spray this week and growers are advised to spray once, according to a bulletin issued by the government laboratory here today.

"This is an exceedingly important treatment for both curculio and brown rot, and as it is the last application before harvest a special effort should be made to thoroughly cover each peach, using the full four pounds of arsenate of lead to the 32-200 self-bottled lime-sulphur," the bulletin read. "If dust is used the 80-5-15 formula is recommended for this application."

"Georgia Belles should receive the last treatment some time during the week of June 9-14, and Elbertas should receive the final spray during the week of June 14-21. Do not make the mistake of spraying Georgia Belles and Elbertas for the last time immediately after finishing Hileys. Wait until the dates given above."

PYTHIANS APPOINT NEW COMMITTEES

Savannah, June 2.—N. H. Leopold, grand keeper, records and seal of the Knights of Pythias of Georgia, has received the announcement of the following committees from G. R. Coffin, of Augusta, grand, inceptor, of the judiciary, Aaron Cohen, of Athens, chairman; Harry Garden, of Macon, J. G. Johnson, of Bainbridge.

Special committee to suggest some practical civic work for the order at the next grand lodge convention: W. G. Suttie, Savannah, chairman; R. L. Smith, Commerce; W. V. Lanier, Milton; W. C. Zink, Atlanta, and C. M. Milan, Cartersville.

REVIVAL SERVICES BEGUN AT JACKSON

Jackson, Ga., June 2.—(Special.)—Revival services were begun at the Jackson Methodist church Sunday and will continue through June 8. The pastor, Rev. Henry H. Jones, will preach and music will be in charge of Joseph E. Edwards, as assisted by a large choir.

Services will be held twice daily at 3:30 o'clock in the afternoon and at 7:45 o'clock at night. Meetings will be held in the new church, which has just been completed at a cost of \$50,000.

SAPP WILL ADDRESS JACKSON KIWANIS

Jackson, Ga., June 2.—(Special.)—Oliver I. Sapp, in charge of the peach station at Fort Valley, will address members of the Kiwanis at their next Tuesday night on peach culture. Butts county has more than 1,000 acres in peach trees and the first crop will be shipped this season. Members of the club will invite plights to hear Mr. Sapp's address.

Blame Ill Health As Man Ends Life In Macon Hotel

Macon, Ga., June 2.—(Special.)—With his throat cut from ear to ear and a razor in his hand, the body of A. G. Lawson, 50, traveling salesman for the No-Equol Hosiery Mills, Inc., was found this morning in his room at a local hotel. He was fully dressed and is believed to have ended his life shortly after he went to his room Sunday afternoon.

A coroner's jury today returned a verdict of suicide and fixed the cause as ill health. Lawson, who had been employed by the hosiery company for two years, became ill in Cordes several days ago and was brought to Macon for treatment. Lawson's home address is not known here. He is said to have lived at Columbus, Ga., several years. His only known relatives are a sister, Mrs. N. G. Broom, of New Orleans, and a daughter, Miss Isla Mae Simpson, of Jackson, Miss.

AGED DUBLIN MAN DIES OF POISON DOSE

Dublin, Ga., June 2.—George Thomas, an aged white man, died here early this afternoon from what the coroner's jury called an overdose of poison. Every indication was that it had been taken with suicidal intent.

Thomas roomed over a grocery store. About 1 o'clock he went to the store, purchased a bottle of soda water and carried it up to his room. Just a few minutes later the proprietor of the store heard some one calling out in pain upstairs, and notified the police.

When the police walked into Thomas' room they found him in convulsions. He died in about five minutes. The soda water bottle with a small amount of liquid in it was on the bureau, with a portion of a bottle of strychnine. Analysis of the liquid in the bottle showed it saturated with strychnine.

MERCER TRUSTEES NAME MONTAGUE VICE PRESIDENT

Macon, Ga., June 2.—(Special.)—Dr. A. P. Montague, formerly dean of Mercer university, was elected vice president today by the board of trustees in semi-annual session here. This is a newly created office and its duties will call for assistance to the president, Rufus W. Weaver.

Dr. Montague was president of Furman university, South Carolina; Columbia college, Florida; and Howard college, Alabama. He has held the deanship of Columbian college, of Washington, D. C., and of Mercer university.

He holds the M. A., Ph. D., and LL.D. degrees, these having been awarded by the University of Virginia, Columbian college and the University of Richmond. He has edited the "Letters of Cicero" and "Letters of Pliny." Besides having been dean of Mercer he was professor of Latin and public speaking.

It is understood that Professor W. E. Farrar, present dean of the College of Liberal Arts and Sciences of Mercer, will succeed Dr. Montague as dean of the university.

FEDERAL RESERVE BANK CLUB HOLDS BARBECUE TODAY

Approximately 250 members, wives and guests, from Atlanta, and 50-odd members, and their wives and guests from Birmingham, will gather at Borden Springs today for the annual outing of the Federal Reserve Bank club.

Music and refreshments will be served on the train en route, and a popular Atlanta orchestra will be taken along to serve music for a dance. A real old-time barbecue, as well as many outdoor sports, will add to the day's enjoyment.

Jackson Will Seek Authority To Pave Sidewalks and Roads

Jackson, Ga., June 2.—(Special.)—Amendment of the charter of Jackson, to provide for street paving and the building of sidewalks, will be asked at the approaching session of the legislature. A movement is now on foot to pave a number of the streets of the town and a survey has been made and as soon as the cost is ascertained council will take definite action on the matter.

How to build up your Weight

To be under weight often proves low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S. since 1825, has meant to thousands of underweight men and women, a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. The World's Best Blood Medicine

PELLAGRA SUFFERERS Can Get Well

LUCY COBB CLOSES TERM OF 1923-24

Athens, Ga., June 2.—(Special.)—Tonight's graduation exercises closed Lucy Cobb institute for this year. The class is one of the largest ever sent out by this well-known institution.

The Alumnae association elected the following officers today: Mrs. J. M. Billing, Athens, president; Mrs. Robert L. McWhorter, Athens, vice president; Mrs. Sarah Dorsey Ross, Atlanta, vice president at large; Miss Annie Crawford, Athens, secretary; Mrs. Hunter Harris, Athens, treasurer.

Dr. G. Campbell Morgan delivered the commencement sermon yesterday. The graduation exercises took place tonight.

Mrs. Frank A. Lipscomb, president of the Alumnae society, presided at a meeting of that body today. Main features were memorial exercises conducted in honor of Miss Baseline Prince, for many years secretary of the society, who died suddenly several weeks ago. Mrs. C. M. Strahan, Mrs. R. C. Orr, Miss Phillips and Mrs. Morris Yow paid tributes to her.

Miss Mary Lyndon, former student and teacher, who was the first dean of women at the university and who died a few months ago, was eulogized by Miss Natalie Bockel, Miss Elizabeth Arnold, young alumnae, was eulogized by Miss Hallie Kilpatrick.

Following business and memorial services came the luncheon with Mrs. J. B. McCrary, of Atlanta, as toastmistress. Miss Julia Fish, of Augusta, delivered the alumnae address. The classes of 1894 and 1922 held reunions.

Miss Sarah Betts, daughter of Dr. and Mrs. L. N. Betts, of Athens, is first honor graduate of the class. Miss Sarah Betts, Athens; Miss Emma Gauding, Athens; Miss Margaret Holt, Sandersville; Miss Anne Morris, Athens; Miss Ruby McMahon, Athens; Miss Ruth Richards, Athens; Miss Elizabeth Schaeffer, Toccoa; Miss Josephine Simmons, Americus; Miss Mamie Sue Smith, Athens; Miss Alice Thompson, Comer; Miss Bessie Gauthen, Athens; Miss Emma Gray, Ashville; Miss Frances Holden, Athens, graduated.

Butts County Farmers Plant Pimiento Crop For Canning Concern

Jackson, Ga., June 2.—(Special.)—Farmers of the county are now setting out pimiento pepper plants, in accordance with their contract to grow 1,000 acres for the Georgia Pimiento Canners, Inc. Seed were sown in hot beds early in the spring and plants are now being transplanted.

The pepper factory, which is a new industry for Jackson, will begin operation August 1. Next year, it is stated, other products will be added and there is already agitation for a large acreage in spinach this fall.

WOUND RECEIVED IN AUTO WRECK KILLS MACON GIRL

Macon, Ga., June 2.—(Special.)—Miss Willa Melroy Avera, 18-year-old daughter of Mr. and Mrs. W. A. Avera, of Wadley, Ga., died at a local hospital today from injuries received in an automobile accident Sunday afternoon near her home.

Miss Avera was riding in an automobile with two girl friends, when the car ran into a ditch, breaking the windshield. Flying glass struck the young woman, severing an artery in one leg.

Loss of blood before medical aid reached her caused her death. Besides her parents, Miss Avera is survived by four brothers and a sister. The body was taken to Wellston this afternoon for funeral and interment.

STEEL BEAM CRUSHES WORKMAN AT MACON

Macon, Ga., June 2.—(Special.)—L. R. Samford, superintendent for the Southern Ferro-Concrete company, was badly injured this afternoon at the site of the old city auditorium, when a beam of a crane, which was being used to move steel girders of the building, fell on him. His left shoulder was broken, his back injured and the side of his face badly bruised.

YEGGMEN BLOW SAFE OFF MACON CONCERN

Macon, Ga., June 2.—Yeggmens for the fifth time in the past two years broke into the office of the Gulf Refining company here Saturday night and rolled the money safe into the warehouse, where the door was blown off. The cash drawer was robbed of \$350. No clue was left by the robbers. Police say professionals did the job.

7TH DISTRICT CARRIERS NAME KEOWN HEAD

Cedartown, Ga., June 2.—(Special.)—Carriers of the seventh congressional district met here Saturday with about 75 present. Officers elected were W. H. Keown, of Rome, president; George M. Ayers, of Rome, Cedartown, vice president; O. L. Floyd, of Cedartown, secretary; J. E. Brooks, of Cedartown, was named delegate to the state meeting. The next meeting will be at Rossville.

FUNERAL DIRECTORS OPEN MEETING TODAY

Savannah, Ga., June 2.—(Special.)—The twenty-third annual convention of the Georgia Funeral Directors' association opens here tomorrow. A number of delegates have arrived already and concerns selling caskets and funeral supplies are on the ground with elaborate displays in the municipal auditorium.

In anticipation of the convention, the state board of examiners of embalmers met today and examined 28 applicants for licenses. Three women were among the applicants.

The board is composed of W. E. Platt, Augusta, president; J. F. Hart, Macon, secretary and treasurer; M. M. Bernstein, Athens, and Nat. Lemaster, Americus. A large number from Atlanta and Macon arrived today and this evening for the convention.

SAVANNAH WOMAN IS NEAR DEATH AFTER POISON DOSE

Savannah, Ga., June 2.—Mrs. Ozelia Smith, 27, was removed to a hospital here today from her home on the White Bluff road, in a critical condition, from drinking poison. The poison was used for a cattle disinfectant.

ATLANTA'S NEW CIVIC CLUB TO MEET TODAY

The regular meeting of Atlanta's new civic club will be held at 12:15 o'clock today in the breakfast room of the Kimball house. The meeting will be devoted to a discussion of proposed names and the question of affiliating with a national organization. Several organizations have urged the club to become a unit. A number of proposals for membership also will be acted upon.

COLUMBUS MILL CUTS WEEK TO 40 HOURS

Columbus, Ga., June 2.—Slight curtailment in production of local manufacturing plants was augmented today by the announcement of the Eagle and Phoenix meeting that beginning with June 1 hours would be reduced from 55 to 40 per week. Two others have cut running time.

\$10,000 Suit Filed Against Alderman By Wounded Editor

Soperton, Ga., June 2.—Crosby Williams, who is said to have shot Horace Flanders, editor of the Soperton News, because of editorials in his paper fighting the whisky traffic and other evils of Treutlen county, is still at large.

Attorneys for Flanders filed a damage suit against Williams for \$10,000 and attached the Williams store and other property here. The store was closed immediately after being opened this morning. Flanders' condition is much better this morning. The sheriff has increased his deputy force to hunt Williams.

Music Lovers Elect Cedartown, Ga., June 2.—(Special.)—The Music Lovers' club of Ce-

**Remembrance takes no
finer form than the
Gift of an Elgin**

JUST now, when the gift for graduation or wedding is uppermost in so many minds, it is well to remember these facts about the Elgin Watch—

Every year many, many people make gifts of Elgin Watches. And there is almost as much pleasure in giving an Elgin Watch as in receiving one.

Now what is it that gives Elgin its distinctive place among the possible gifts?

"Timekeeping quality," says one. "Assured worth," says another. And still a third offers, "The value of imparting a sense of Time."

All true. But you must go still further back to the root of the whole matter—the Elgin professional timekeeping standards and practice.

Elgin Watches are what they are because from the beginning they have been produced to make fine timekeeping service available to every owner of an Elgin Watch.

The Elgin Time Observatory is a contribution of this ideal. The Elgin Watchmaking Organization has been built up with that aim.

The Elgin ideal reaches out even to your home town—to the store of your jeweler and his watch repair bench.

It is gratifying to know, when you give an Elgin Watch, that no accident can put it out of service for very long. Wherever the owner goes, there is a jeweler prepared to give practical service on any Elgin Watch.

ATLANTA BURNS CLUB TO MEET WEDNESDAY

The Burns Club of Atlanta will hold its regular monthly meeting at the Burns club on Wednesday night. President Walter McElreath announced that F. A. Wilson-Lawson will make the principal address.

Corns

Pain Stops Instantly
Here's instant relief from that burning corn! Blue-jay will stop the pain instantly. Then the corn loosens and comes out. Does away with dangerous paring. Get Blue-jay at your druggist.

Blue-jay

BLISTERS ON NECK AND EARS
Also On Face and Hands. Healed by Cuticura.

"I was a great sufferer from eczema for four months. When it started it was about the size of a pin-head and began to burn and sting. It began to spread forming large, watery blisters all around my neck, ears, face and hands. The itching and burning caused me to scratch. I could not sleep."
"I sent for a free sample of Cuticura Soap and Ointment and purchased more, and after using three cakes of Soap and three boxes of Ointment I was healed." (Signed) Miss Lillian P. Thompson, 706 Union Ave., Petersburg, Va., June 9, 1923.

Use Cuticura for all toilet purposes.

Sample Free by Mail. Address: "Cuticura Laboratories, Dept. M, Malden 45, Mass." Sold everywhere. Soap 10c. Ointment 25c. and 50c. bottles. 100c. Try our new Shaving Stick.

See Salt Lake City on your way to

Yellowstone

IT costs no more—Salt Lake City and scenic Colorado are included in a Union Pacific Yellowstone ticket at the lowest round-trip fare to the Park alone.

Salt Lake City is one of the most interesting cities in America. The Mormon Temple, Tabernacle, marvelous organ, Great Salt Lake where you bathe and cannot sink, the Wasatch Mountain drives, and Bingham, a unique mining town where you can see a whole mountain of copper being dynamited away—are themselves worth the trip.

Grand Circle Tour of the Rockies
Yellowstone, Salt Lake, Colorado
\$9450 Round-trip from Atlanta

Four-and-one-half-day motor tour through Yellowstone Park, including meals and lodgings at hotels, \$54.00 additional; at camps, \$45.00. Season, June 20 to September 15.

Through Yellowstone sleeping cars from Chicago and St. Louis right to Park entrance at West Yellowstone.

Write for free booklets and maps and let us help you with your plans.

Union Pacific

"Safety First" Watchword of Thoughtful Citizens

That's the watchword as police of Atlanta and other cities and towns generally seek to check the ever-growing toll of death in traffic accidents.

AUTO-DEATH TRIAL NOW UNDER WAY

Trial of Oscar H. Adams, of Bellwood, on a charge of involuntary manslaughter, in connection with the death of 9-year-old Foster Tinsley, of Roswell road, who was run down by a truck May 7, 1924, began before Judge G. H. Howard in superior court Monday.

MORE SHOWERS ARE PREDICTED BY FORECASTER

Today's weather prediction calls for showers, probably accompanied by thunderstorms, with practically no change in temperature. After today, said C. F. von Herrmann, local forecaster, it is probable that fair weather will prevail until the latter part of the week, when more showers and cloudy weather may be expected.

The storm of Sunday, which uprooted trees, smashed telegraph and telephone poles, unfroed a number of Atlanta dwellings, showed a rainfall of 1.40 inches. This is less than the fall last Sunday morning, but it is probable that it was not a fair measure of the heaviest Sunday fall in Atlanta. The fall was measured on the roof of the Atlanta Trust Company building, while the rain Sunday was not so heavy in the central portion of the city as in some of the residential sections. Unofficial reports placed the fall for the day in some parts of the city at 2.20 inches.

No reports of damage to crops were received, due, it is probable, to the local character of the storm.

Sunday afternoon the wind reached a velocity of 48 miles an hour. No lives were lost in the storm, however, and the only narrow escapes reported were those of the two small children of Mr. and Mrs. P. E. Tucker, 48 East Twelfth street, who were playing on the sleeping porch at their home when a 116-foot radio tower blew from the yard of C. L. Donaldson, 42 East Twelfth street, and crashed through the sleeping porch roof. According to Mr. Donaldson, it will cost approximately \$500 to replace the tower.

Court of Appeals of Ga.

The following cases have been placed upon the calendar for argument beginning at 2 o'clock p. m., on Monday, June 9, 1924:

15376. Brice v. State.
15377. Dunn v. State.
15378. Wilson v. State.
15387. Garrett v. Hackley.
15388. Sharpe v. State.

15456. Cook v. Parrell.
15457. Hobbs et al. v. Tindal, sheriff, for use, etc.
15458. Orr et al. trustees, v. Riley.
15459. Southeastern Express Co. v. Nightingale.

Notice of cases are heard in the order in which they appear here, which is not strictly numerical.

Counsel desiring to be heard in cases numbered 15393 to 15457, inclusive, as listed above, need not attend before Tuesday, June 10, at 2 p. m.; counsel in cases numbered 15398 to 15408, as listed above, need not attend before Wednesday, June 11, at 2 p. m.; and counsel in cases numbered 15409 to 15457, as listed above, need not attend before Thursday, June 12, at 2 p. m.

only requirement is that the policyholder shall agree to pay regularly for his Daily and Sunday Constitution, protection under the policy lasting as long as full payments are maintained.

199 High School Girls To Receive Diplomas Tonight

Diplomas will be awarded 199 members of the senior class of Girls' High school at 8:15 o'clock tonight at the auditorium armory.

ATLANTA CHAMBER WILL ENTERTAIN SAVANNAH PARTY

Arrangements are being made by the chamber of commerce to entertain a party of 100 business men of Savannah who will arrive here on the morning of Wednesday, June 18, and remain until a late hour that night.

The purpose of the tour, as pointed out in a letter from the Savannah Board of Trade, is to get acquainted with a number of cities in the state during the week, according to a letter received by Secretary B. S. Barker. The committee appointed to entertain the visitors is planning a sight-seeing trip and a banquet.

Another outstanding purpose of the trip is to encourage the spirit of cooperation and mutual good among various communities of Georgia.

ATLANTA TO ASK JUNIOR CHAMBER 1925 CONVENTION

An effort will be made to bring the 1925 national convention of Junior Chambers of Commerce to Atlanta by Mayor Walter Sims, B. S. Barker, secretary of the local chamber, and 190 delegates of Atlanta's junior organization, who will leave Thursday to attend the national meeting in Cincinnati.

BUILDING PERMITS DURING MAY SET RECORD FOR YEAR

Total building permits issued during May amounted to \$1,688,324, setting a new monthly record for this year although falling short of the May 1924 total of \$2,406,414. The bulk of the permits were for homes and apartment houses.

Twelve Compress Plants Are Sold

W. H. Glenn, trustee in bankruptcy for the Shippers Compress company, announced Monday that several plants operated in Georgia and Alabama by the Shippers company will revert to the Atlantic Compress company, by terms of a sale concluded between the two concerns.

Heroes of Gray To Leave Today For 1924 Bivouac

Veterans of the Soldiers' home, 28 in number, will leave Atlanta this afternoon in a special car attached to the Seaboard train, bound for Memphis, where the gray clad battalions of the 'sixties will meet in annual reunion.

Other delegations of veterans started for Memphis on Monday afternoon, two special trains leaving here, one over the Southern and one by the Seaboard Air Line. Among those making the trip were General G. W. Wells, Mrs. W. B. Price-Smith, matron of honor; Mrs. J. W. Longwell, chaperon; Miss Christine Sinclair, sponsor, and Miss Alice Douglas, Miss Theo Bowie and Miss Joy Jones, maids of honor.

Before his departure General Wells issued a statement in which he thanked the people of Atlanta for the financial aid rendered several weeks ago, in the drive for funds to defray the expenses of the veterans on the trip to and from Memphis, a delegation from John B. Gordon camp, sons of Confederate veterans, also left for Memphis Monday.

POSTAL SALARY BILL IS PASSED BY HOUSE

Washington, June 2.—A bill carrying salary increases for postal employees, differing in many respects from the one approved recently by the senate, was passed today by the house.

TECH HIGH BOYS GIVEN LETTERS AND SWEATERS

Awards of letters and sweaters for meritorious work by Tech High students in other lines than athletics were announced at the school department Monday as follows:

Letters: Maurice Beerman, E. L. Finch, H. R. Hedges, Guy Lackey, Donald Martin, Theodore S. Mauldin, J. W. Pinckett, Jr., J. C. Rice, Fred Sale, M. S. Syron, A. O. Turner and C. M. Reed.

Sweaters: Wilmer T. Slater, R. S. Chryst, Tom Wilson and T. E. McCutcheon. Letters: Howard McCutcheon, Franklin Toole, Joel Hart, A. D. Hubert, Jr., H. H. Wilensky, D. B. Kendrick.

Band Members:
Sweaters: L. W. Brown, N. E. Allen, O. E. Barber, C. F. Cox, D. O. Coghill, W. E. Christian, J. L. Kemp, J. P. Davidson, E. L. Finch, J. P. Gavronski, A. H. Goldwasser, W. A. Green, H. R. Higgins, T. S. Mauldin, J. P. Maddox, W. D. Manley, Alfred L. Myers, Lamont Myers, E. L. Quinlan, Claude M. Reed, S. N. Frenkel, J. C. Rice, W. E. Starr, A. H. Walker, W. H. Brown, R. B. Chandler, E. R. Hamby and O. P. Stephens. Letters: R. E. Camp, H. A. Chestnut, E. L. DeVore, R. E. Gilman, J. O. Hargis, L. B. Hoffman, G. M. Kohn, O. Y. Layton, W. A. Lee, T. C. Lemmon, W. S. Mitchell, Ed Norris, J. B. Sale, M. B. Syron, T. C. Wesley and Edgar Chambers.

Member of North American Newspaper Alliance.
The N. A. N. A. occupies the same position in the news field that the A. P. does in the news field. The Constitution is the only member in this section.

NOW FOR BUSINESS!

The country will breathe a sigh of relief that President Coolidge has signed the tax bill.

While it does not accord with his position on the Mellon plan, which he believes would have been better, the president recognizes the new measure as being an improvement over the existing law.

The effect of the new law is to reduce by 25 per cent taxes on last year's incomes payable this year, while some of the many excise and miscellaneous nuisance taxes are repealed.

The president has done wisely in signing the bill. If he had done otherwise it probably would have necessitated a prolongation of the present session of congress, and nothing that could happen to the country would be worse than that.

What the people want now above all things is a rest from congress, and a reasonable period of peace and quiet during which business may be given an opportunity to adjust itself to a normal basis.

The president takes the position that the good effect of the new tax law will be felt by business within a few weeks, not only because of the tax reduction provided, but because it puts an end to the uncertainty that has threatened business ever since the discussion incident to the new tax law began about eight months ago.

With the tax question settled and with no threat of legislative eruptions to prolong the uncertainty, business the country over should pick up and we should enter the fall under full headway, and more nearly under normal conditions than since the beginning of the great war.

A GRACEFUL TRIBUTE.

The Constitution publishes elsewhere on this page a graceful tribute from Mrs. George K. Meyer, president Dallas, Texas, Art Association, to the Atlanta Art exhibition, just closed.

Through The Constitution Mrs. Meyer has watched with much interest the success of the Atlanta exhibition and she reaches the very correct conclusion that it was "worthy of the support and money Atlanta has given it."

The Dallas Art Association has done splendid work in developing interest in art not only in Dallas but throughout Texas. The people of Dallas are generous in supporting their association and the work done there might well be taken as a standard for the Atlanta Art Association in its effort to secure a membership of at least one thousand members before proceeding with the construction of the proposed art museum.

The suggestion of Mrs. Meyer, that "we people of the south should work together for art," is well worthy of consideration by all southern cities.

The older cities of the south, such as New Orleans, Savannah and Charleston have art museums which for decades have served a wonderful purpose in the cultural development of their respective communities.

Up to this time Atlanta has been too steadily occupied with the more practical side of community effort to give such attention as would have been good for the cultural and aesthetic development of the community, but now that the city has a quarter of a million population

and has become the great industrial and commercial center of the south-east, it would be a reflection upon its people if they longer neglect this very essential attribute in the making of a real city.

Splendid work to this end has been done in the recent art exhibit conceived and very largely directed by J. J. Haverty, chairman of the art committee of the chamber of commerce. He labored unceasingly for the success of the enterprise and now has the satisfaction of knowing that no more successful exhibition of the kind was ever conducted in the south. Mr. Haverty is deeply interested in the new art museum and will work in double harness with J. Carroll Payne, president of the Atlanta Art Museum, in giving to the city an art gallery which will be worthy of the city. They both should have the hearty cooperation of every citizen.

BATTLE OF THE RAYS.

Refusing to consider the reported offer of the United States government for his "diabolical ray," H. Grendell Matthews, the discoverer, has yielded to the demand of his own government and sold all rights in the invention to Great Britain.

The British newspapers protested vigorously against the secret being sold out of the country. The battle of the rays has begun! If there is anything in the claims of the inventor, and there may well be, we may look forward with pleasure to the great war ray. It will be interesting—while it lasts—but there may be no one left to write its history!

There are others who claim to have discovered a "death ray." Dr. T. F. Wall, lecturer in Sheffield university, believes that he has found a ray that will destroy life, bring motor cars to a standstill, stop airplanes in flight. "There is no limit to its possibilities," adds Dr. Wall, "particularly in surgical and medical operations." This death ray, then, may be used to prolong life. What a pity that all men can not think in terms of life instead of in terms of death!

In the old days, swords were bent into plowshares and spears into pruning hooks. Today, poison gas is used to cure colds or to make rare perfumes. And Dr. Charles Mayo believes that cancer may yet be conquered by the X-ray. Poison gas and diabolical rays! Shall they be used to bring death into the world or to sustain the life that is already here? The day may not be far distant when the nations of the world will have to make the choice. Spears may be turned into pruning hooks, poison gas may be turned into rare perfume, death rays may bring longer life—but war will not be driven from the earth until the hate and envy and greed of nations shall have changed, not to love, but to understanding, for it is intolerance that blocks the pathway of civilization.

WORK WILL DO IT.

The first official cotton crop condition report of the season came out Monday showing Georgia's condition at 65 per cent of normal, three per cent higher than on the same date in 1923. But this comparison is relative, and after all a three per cent betterment over the poorest crop Georgia has had in years does not mean so much.

The amount of cotton raised and ginned in Georgia has shown a steady decrease since 1918, the number of bales ginned in 1918, which reached over 2,000,000, dropping to around 700,000 in 1923. So this three per cent increase in the condition of the crop is just an increase over the worst year since 1918.

This increase no doubt shows that the farmer has made up his mind to fight the weevil this year to the last ditch. It is to be hoped that he has, and that the fight will be carried straight on through the season without a let-up.

An old adage says that "a rainy May means a poor crop," but there is another that says "a late start means a good crop." So you may take your choice this year. We have had a wet May, and the start is certainly late.

But casting adages aside, what is needed now is fighting spirit. The farmers of Georgia have shown that they have this spirit, for they have battled against seemingly insurmountable obstacles in the past.

But if ever fight was needed, it is now. Georgia's goal should be not less than 1,500,000 bales, and that much or more is already in the ground. Getting it out, however, is a different thing. There is but one way to overcome the boll weevil, and that is to fight, fight, fight.

The weevil cannot be conquered in one or a half dozen years—but he can be completely routed in time, and every year's advance is just that much nearer its ultimate elimination.

The time to begin this year's fight is now. The period of rainy weather seems to be about past, and with the bright sunny days ahead, there is plenty of time for real effective work. Georgia can make a good cotton crop this year if she will. But it will take work to do it!

THE WORLD'S WINDOW

BY PIERRE VAN PAASSEN

"Never, I mean
Was a prouder seen,
Read of in books or dreamt of in
dreams
Than the Cardinal Lord Archbishop
of Rheims."

"I felt every shot in my own heart. When a tower crumpled and a matchless piece of sculpture clattered to the ground I felt as if 'art of my own body was being torn to pieces. I loved every stone in that church. I discovered niches and treasures of unexplored crypts. I was a proud man when I was appointed rector of that cathedral. All is lost. Our library, the records of the coronation of French kings, the manuscript bearing on the visit of St. Joan of Arc. C'est tout perdu." So spoke with tears in his eyes, Monseigneur Landrieux, archbishop of Dijon and rector of Rheims cathedral when this writer visited him right after the medieval treasure lay in crumpled heaps. What joy and gladness will have come to this aged priest now that the restoration of that magnificent pile is assured through the altruism and generosity of John D. Rockefeller. There must have been tears in his eyes again last week. But this time that heroic figure has shed tears of gladness and joy. There will be an inscription over the main portal of the church. The inscription will be the same as is written over the portals of Louvain university: "Destroyed by Teutonic furor, rebuilt by American generosity." A proud "thank you" for America.

"Elect of Every Nation, One O'er All the Earth."

"To Americans belongs the Old Testament. They are daily being identified as the people to whom the prophets speak and to whom the law applies. To Americans the terrible trumpet of God calls: 'Separate yourselves!' Drive out the alien and the heathen. Destroy their idols, their altars, their influence. Christ, have called you out from the nations to be my people." This appeal appears in a monthly publication published in New York. The publication fights the Roman Catholicism and Judaism as a menace to American national life. That is as it may be. But to adapt Old Testament teaching of the kind referred to is peculiar to America is going too far and brings about an unenviable comparison if Americans in future should be induced to be like the Jews toward the Jews. It is like the Jews toward the Jews. It is like the Jews toward the Jews. It is like the Jews toward the Jews.

How Illinois Received The First Slave To Come From South

Editor Constitution: I noticed recently an article in your paper from an Athens lady telling of the interest a negro man created in north Georgia some few years ago.

I am reminded of an incident that happened to my grandfather in 1848 when he moved to Illinois and carried a servant girl named Sarah. She was the first slave to be carried to that state and quite an excitement prevailed. The southern family had not thought of this and were wholly unprepared for the reception they met. Many commenced calling after their arrival, not so much to welcome them, as they learned later, but to see the great curiosity—a negro slave. They soon began to talk to Sarah (unaware to the family) and tell her that she was free and to come and live with them and she would be treated exactly as they were. Some even called her Miss Sarah, and, of course, all this was very flattering to the colored girl. So to make a long story short, one morning Sarah was missing—had left the only friends she had ever known and gone with her so-called friends (?) to try the uncertain future with them.

The "diplomatic expert" of The Daily Telegraph writes that information from competent foreign observers in Japan shows that while the government is most reluctant to take any action, it is being irresistibly impelled to defend the national interests by popular pressure and its position is difficult.

The Morning Post expects that the Japanese criticism will jeopardize the success of the disarmament conference, if one is called after the American elections, and surmises that it may also rattle the Singapore naval base issue in Great Britain.

CANADA CONSIDERS EXCLUSION OF JAPS

Ottawa, June 2.—Measures which virtually would bar Japanese immigrants from Canada are under consideration by the Canadian government, the minister of immigration disclosed today in the house of commons.

The number of Japanese now permitted to enter the Canadian empire each year is 150 household servants and farm laborers, under a form of gentlemen's agreement with Japan. Last year, 448 gained entrance to the country, according to immigration records.

HOKE CHIEF JUSTICE N. C. SUPREME COURT

Raleigh, N. C., June 2.—Governor Cameron Morrison today tendered the office of chief justice of the supreme court of North Carolina to Associate Justice W. A. Hoke, senior member of the bench since the death of Chief Justice Walter Clark two weeks ago.

Supreme Court of Georgia

The call of the following cases for argument will begin at 9 o'clock a. m., on Monday, June 10, 1924.

4141. William v. State.

4248. Citizens & Southern Bank v. Lewis.

4349. American Ry. Express Co. v. Estess.

4442. Spielberger v. Hall & Co.

4443. Wilgus v. First, second.

4549. Grant-Jones Co. v. American Real Estate Co.

4642. Hughes (T. W.) v. State Board of Medical Examiners et al.

4647. Carr et al. v. Hawkins.

4648. Whitehead, doctor of literature v. Arnold C. Barry, New York, doctor of science; Gutzon Borglum and Dr. Bodman, doctors of law. The honorary degrees and all relevant decrees were conferred by Attorney Edgar Watkins, chairman of the executive committee of Oglethorpe.

The salutary address was delivered by Dr. John S. Bodman, chancellor of the University of Pittsburgh. His subject was "The Road to Success."

The feature of the closing exercises was conferring of honorary degrees on five friends of Oglethorpe university: Carlton C. Gibson, of Savannah, doctor of pedagogy; Mary Brent Whitehead, doctor of literature; Arnold C. Barry, New York, doctor of science; Gutzon Borglum and Dr. Bodman, doctors of law. The honorary degrees and all relevant decrees were conferred by Attorney Edgar Watkins, chairman of the executive committee of Oglethorpe.

BITS OF NEW YORK LIFE

BY O. O. MCINTYRE

New York, June 2.—This is a blurb for Fred Stone, the actor. And I paid \$12 for two seats to see this show. It is the custom of New Yorkers to believe that those who do the value of a dollar and a half, a complex or other clinical subject are still in the outer darkness. Stone has found it pays to present a performance that children can bring their parents to see without the latter becoming sufficed with blues. He does not foster a single prohibition joke nor is there a line in the play that could not be incorporated in a bedtime story.

En passant it might be added that Stone is America's richest actor. In his play is his wife and 10-year-old daughter. I discovered niches and treasures of unexplored crypts. I was a proud man when I was appointed rector of that cathedral. All is lost. Our library, the records of the coronation of French kings, the manuscript bearing on the visit of St. Joan of Arc. C'est tout perdu." So spoke with tears in his eyes, Monseigneur Landrieux, archbishop of Dijon and rector of Rheims cathedral when this writer visited him right after the medieval treasure lay in crumpled heaps. SON STRUCK BLOW THAT SLEW FATHER

Spartanburg, S. C., June 2.—A coroner's jury after an inquest tonight found that John Blalock, 50-year-old farmer of the Bolling Springs neighborhood, who died in a local hospital today from skull fractures, came to his death at the hands of his son, Clarence Blalock.

The younger Blalock, who had surrendered to the sheriff here after the injury of his father and had been charged with murder when the latter died a few hours afterwards, asserted when questioned in the jail here late today that he had killed his father with a rock, when the older man attacked him with a knife in one hand and a rock in the other.

The difficulty between son and father arose, the prisoner asserted, because of trouble between John Blalock and the wife of Clarence.

Two witnesses, Earl and Clyde Blalock, brothers of the accused man, were examined at the inquest tonight but denied having seen the fatal altercation between their father and Clarence. The prisoner, who is about 20 years of age, had arms and face marks of a struggle at the time of his voluntary surrender at the sheriff's office.

22 Tulane Juniors Confess Cheating In Chemistry Quiz

New Orleans, June 2.—An investigation by the honor committee of the junior chemistry class at Tulane university has resulted in the suspension of 22 of the 28 members of the class because of cheating on a quiz. The balance of the college year with the loss of all credits earned this year, it became known today.

The trouble grew out of the theft from the desk of a member of the faculty of a paper on which were written the answers to the questions to be asked in an examination. It later developed all but three members of the class made grades of 100 per cent.

Twenty-one members of the class signed a statement of guilt, admitting they had obtained assistance from a stolen paper, and one admitted his guilt later. Three of the suspended students were young women.

G. O. P. UNABLE TO PICK COOLIDGE'S MATE

Continued from First Page.

senate—to make such an exchange as that would be so futile that Borah's friends would hardly let him do it if he wanted to.

Coolidge Hands Off. There is a good deal of speculation as to who Coolidge would like to have as his running mate, and a certain amount of disposition among other leaders to put it up to Coolidge to name the man, or at least to sound out Coolidge on his preferences.

One of the possibilities is that the republican leaders is to the effect that Coolidge seems disposed to refrain from asserting any personal choice. All that one can hear is to the effect that Coolidge is not going to make a choice for himself. In effect, that his only stipulation is that the choice for vice president ought to be a man who would make a good president if the occasion should arise. In some other quarters it has been said that Coolidge has one other general recommendation, namely, that there should be no attempt to use the choice of the vice presidential candidate as a means of fooling the public, that the vice presidential candidate should not be chosen with a view of allowing voters to whom the presidential candidate might be unacceptable.

In short, that the ticket as a whole should be homogeneous, which means that the vice presidential candidate should be a man who is not only a republican but also a republican in name. In other words, the source of this advice is the republican leaders are being governed by it. This eliminates the idea, frequent in the discussions, of putting a radical or an extreme progressive on the vice presidential end of the ticket. It eliminates, for example, Kenyon, of Iowa, who is an excellent man but who, as an extreme progressive, sympathetic even to some of La Follette's program, would be most unlike Coolidge. To choose Kenyon would be a case of asking the public to elect a conservative president, and then setting up a ticket which might later give the country a most unconservative president in case the vice president should become president. This same consideration eliminates Capper. The ticket is not going to consist of an anti-bonus candidate for president and a pro-bonus candidate for vice president. Several other men much discussed are eliminated by the same rule against an amphibious or bifurcated ticket.

Three Most-Discussed Men. At this moment, most of the discussion is down to three men. Ex-Governor Lowden, of Illinois, General Dyer, of New York, and General Dyer, of New York, are being discussed. However, on the ground that some of his past speeches have been such as would alienate the labor vote. This sort of consideration weighs much more for the republican managers than for the democratic managers. In that event, the first attempt at a choice is made by the lower house of congress with each state voting as a unit. The lower house of congress is divided into two groups, the republican and the democratic. The republican group, which is the larger, is the one that will make the choice. The republican group, which is the larger, is the one that will make the choice.

The mention of Hoover is very much to the front, but the only utterance Hoover has made on the subject would seem that he is energetically running away from the suggestion. Hoover is one of the outstanding figures in the world. His distinction lies largely in his capacity for organization, for getting great numbers of men to work loyally with him, and for achieving immense results through organization. It would seem not the most effective use of human talent to take a man with this kind of organizing and executive ability that Hoover has, and to give him a job which consists chiefly of sitting for five hours a day on the senate rostrum, deciding parliamentary questions, or carefully refraining from any utterance or action which would reflect a bias on controversial questions, and of acting as a pinch hitter for the president in accepting the innumerable invitations to dinners and public functions at which some public official ought to be present, but to which the president has no time to go. Although it would inevitably be a waste of some of Hoover's talent to give him this kind of job, nevertheless the republican leaders know that the choice of Hoover would be received with great favor and they are pressing it energetically. If the job of vice president of the United States was like the job of vice president of a corporation, it would be possible within the

Success Crowning Regiment's Drive for Recruits

W. T. Steed, at left, is shown joining the 200th infantry, new national guard regiment, being sworn in by Captain Ray K. Smathers, at extreme right, commanding officer of Company H. Two Confederate veterans and a regular army sergeant on recruiting duty, shown in the group, are big boosters for the new regiment. The machine gun shown in the picture "served" in the Argonne.

During the three weeks ending Monday night more than 80 recruits have been added to the 200th infantry, 32 new men reporting at the regular drill period Monday night at the city auditorium. Teams of officers and enlisted men are putting forth every effort to win the handsome banners and valuable trophies to be awarded to individuals for being the best recruits. For this reason teams are doubling their efforts while the opportunity lasts to obtain some banner or trophy for their respective outfits. At the drill Monday night Major W. T. Spratt, Ord. of the state staff corps, and Captain Bonbright, of the Southern Railway Express company, were prominently on the scene, warmly congratulating Colonel Charles H. Cox, commanding officer, and Captain R. H. Evans, adjutant, of the new regiment. The individual list were not reported Monday night.

constitution to arrange that Hoover be vice president could be regarded as kind of assistant president and could handle some portion of those duties and functions which have become, as everybody knows, much too burdensome for any one man to handle. Hoover's office, if that could be done, Hoover would be an ideal choice. The duties of the presidency have been increased to a point where they are broken down and Harding died. Coolidge is a younger man and seems to stand up under it without strain. But even though a person in Washington would welcome it as a useful innovation if some arrangement could be made whereby some of the president's duties could be transferred to the vice president.

Should Consider Office Seriously. There is imperative need for the public to look with unusually serious care on the vice presidential nominations of both parties this year. They ought always to have been regarded as important, and former Vice President Marshall, who was essentially an able man than the public knew, did a disservice both to himself and to the office by belittling it in his famous remarks to which he was frequently prone. The choice is especially important this year, not only because within twenty years two vice presidents have actually gone into the white house through the death of presidents, but for another reason. It is a fact this year that the next president may be one of the two men who are nominated at vice president. If there are three candidates for president, as there will be if La Follette runs, it is possible for no one of them to get a majority of the electoral votes. In that event, the first attempt at a choice is made by the lower house of congress with each state voting as a unit. The lower house of congress is divided into two groups, the republican and the democratic. The republican group, which is the larger, is the one that will make the choice. The republican group, which is the larger, is the one that will make the choice.

The mention of Hoover is very much to the front, but the only utterance Hoover has made on the subject would seem that he is energetically running away from the suggestion. Hoover is one of the outstanding figures in the world. His distinction lies largely in his capacity for organization, for getting great numbers of men to work loyally with him, and for achieving immense results through organization. It would seem not the most effective use of human talent to take a man with this kind of organizing and executive ability that Hoover has, and to give him a job which consists chiefly of sitting for five hours a day on the senate rostrum, deciding parliamentary questions, or carefully refraining from any utterance or action which would reflect a bias on controversial questions, and of acting as a pinch hitter for the president in accepting the innumerable invitations to dinners and public functions at which some public official ought to be present, but to which the president has no time to go. Although it would inevitably be a waste of some of Hoover's talent to give him this kind of job, nevertheless the republican leaders know that the choice of Hoover would be received with great favor and they are pressing it energetically. If the job of vice president of the United States was like the job of vice president of a corporation, it would be possible within the

American Fliers To Leave Japan On Hop to China

Kagoshima, Japan, June 2.—Thousands of people lined the waterfront of Kagoshima and stood on the hills about Kagoshima bay to cheer the American army around-the-world fliers upon their arrival here at 7:02 this evening from Kishimoto.

The flight was a tiring and retarded one. It took six hours to cover the 425 miles. Fiftieth winds and rain retarded the aviators who had been delayed at Kishimoto by bad weather. One of the aviators also had motor trouble off Bungo Channel, which they passed on their way to the island of Kyushu on which Kagoshima is situated.

They were first sighted among the clouds above Sakura-jima, an island in the Bay of Kagoshima, on which there is an active volcano. On landing the aviators were received by Henry B. Hitchcock, U. S. consul at Nagasaki, who had traveled to Kagoshima to welcome them. An address of welcome was read by the deputy mayor of Kagoshima, while the daughter of the mayor presented them with bouquets and presents. The American anthem was sung by 400 school children.

The Americans were in high spirits when they landed. This evening Lieutenant Lowell H. Smith, the acting commander of the fleet, represented his five companies at a reception given by the townspeople.

With good weather the aviators hope to continue their flight to Shanghai, 500 miles across the Yellow Sea, on Tuesday, Kagoshima is their last stopping place in Japan, which they entered at the far northern Kurile islands.

They have covered more than 7,000 miles since leaving Santa Monica.

"DEFENSE TEST" DAY BRINGS CHURCH SPLIT

Chicago, June 2.—A resolution opposing "Defense Test" day, September 12, arranged by the war department, and denying use of pulpits in its behalf of Protestant Chicago churches affiliated with the Chicago Church federation, was introduced today at a meeting of the federation. Difference of opinion arose in the discussion and action was deferred for ten days pending a special meeting of the organization.

AUSTRIAN CHANCELLOR ON WAY TO RECOVERY

Vienna, June 2.—Dr. Ignaz Seipel, the Austrian chancellor who was seriously wounded in an attempt against his life yesterday, is thought to be in a fair way to recovery. The chancellor was able to transact some business during the day. The latest bulletin from the attending physicians says there has been no hemorrhage, which is considered a promising sign, as a bullet is imbedded in the lung.

The physicians report that the chancellor is an excellent patient and is exercising great self-control. After a consultation today, they decided that he should be treated for his diabetic condition before any attempt is made to extract the bullet. He will be given a course of insulin by his own physician.

The chancellor was shot by a young factory worker, Karl Gawarek, as he stepped from a train at the terminal on his return from Wiener Neustadt. Gawarek fired three shots, one of which went into his chest, the other two into his back and the third penetrated the lung. The assailant then attempted suicide, wounding himself seriously.

Dr. Seipel's assailant has been operated on. He has made a number of conflicting statements, which the police are investigating. The socialist newspaper, *Morgen*, says a letter of confession was found at Gawarek's home. In this he declared that, having embezzled money from the factory where he was employed, and fearing discovery he had decided to take his life and was determined to take with him the chancellor, who he declared had done so much detriment to Austria's workers.

From another source it is stated that when taken to the police station the assailant said: "I am in love with the chancellor's daughter. When asked who gave the orders, according to this version, he replied: 'Kill me if you like, but I will say nothing.'"

Lieutenant Colonel Eugene Oberdorfer, editor-in-chief of the *Gate City* Guardsman, official publication of the regiment, announced Monday night that the second issue, containing 12 pages of news and features, will be distributed this week and ready for distribution at the next drill period.

Husband a Fool, Even Do Murder, Says Mrs. Harris

New York, June 2.—Decision in case of Mrs. Eleanor Elaine Lee Harris, charged with forgery by her husband, Beverly D. Harris, was served at the close of today's hearing until June 13. The charge was changed from second to third-degree forgery on a motion by assistant District Attorney Alexander.

Mrs. Harris recently won a jury verdict deciding he was entitled to a divorce on the ground that she had committed adultery with a man named Mr. Harris. Mrs. Harris had misrepresented her character. Both plaintiff and defendant were called to the stand today. Mrs. Harris, asked if she believed her husband could have written the letter in question, said: "I think he's a fool. I think he could be a communist murder."

In answer to another question, she said she and Mr. Harris had lived at a hotel here where their expenses averaged \$150.00 to \$200.00 a year. Virginia Maxwell, a magazine writer, testified that on April 23 last she saw a woman call on Mrs. Harris, and after a short conversation hand her a letter. Mrs. Harris claims to have never seen the letter. Mrs. Harris, on the stand, stated she had not written the letter. Magistrate Oberwager ordered briefs submitted by Friday.

Medical College Of Georgia Awards Diplomas To 31

Augusta, Ga., June 2.—(Special.) W. L. Poole, of Atlanta, and H. S. Steed, of Decatur, are among a class of 31 seniors who received diplomas as doctors of medicine tonight at the annual graduation exercises of the medical department of the University of Georgia. This is one of the largest classes to ever graduate from the college. Georgians from all sections of the state are in the class. Exercises began Sunday morning with a baccalaureate sermon delivered by Dr. J. C. Wilkerson, of the First Baptist church, of Athens. The commencement address tonight was delivered by Dr. C. M. Jackson, of the medical department of the University of Minnesota.

BARBER IS ELECTED RECORDER OF SHRINE

Kansas City, Mo., June 2.—James W. Barber, Syria temple, Pittsburg, tonight was reelected president of the recorders' association of the Shrine of North America.

William Cooley, Kerbis temple, Knoxville, Tenn., reelected secretary.

Aged Ferryman Is Found Slain On River Bank

Oakfield, Ga., June 2.—John Hampton, 70, who recently came here from Parkville, Ga., and who had been operating the Flint river ferry at this point, was found dead yesterday, his body having been thrown into the river.

The aged man was reported missing yesterday morning and a search was instituted. Some time later during the morning the body was found by Ned Green and Binard Lunsford. The old man's head had been split open, evidently with a white oak stick found near the ferry, with blood and hair on it. Ned Green was arrested and taken to Sylvester, where he is being held in the Worth county jail.

GEORGIA LEGIONNAIRES OPEN MEET THURSDAY

Savannah, Ga., June 2.—Savannah is ready for the state convention of the American Legion of Georgia, which will be held in the municipal auditorium here from Thursday through Saturday. Three thousand legionnaires are expected to attend. The executive committee will hold a session on Wednesday in advance of the opening session Thursday. The rules and credentials committee will also have a session Wednesday afternoon and the registration will be under way Wednesday night.

The committee will be guests of the Savannah Kiwanis club at luncheon at 2 o'clock Wednesday. The Osborne and Osburn, U. S. destroyers, will be present, according to information received by Major Alex R. Fawcett, post commander. They will arrive Wednesday afternoon with the marine band from Parris island and will moor at the municipal wharf. Marine band will be quartered aboard the boats during the visit to Savannah. On Wednesday afternoon Colonel W. L. Dashiell, chief of staff of the fourth corps area, will arrive here from Atlanta by motor and Admiral Williams, commandant of the sixth naval reserve district, will arrive from Charleston aboard his private yacht. They will arrive Wednesday afternoon with the marine band from Parris island and will moor at the municipal wharf. Marine band will be quartered aboard the boats during the visit to Savannah. On Wednesday afternoon Colonel W. L. Dashiell, chief of staff of the fourth corps area, will arrive here from Atlanta by motor and Admiral Williams, commandant of the sixth naval reserve district, will arrive from Charleston aboard his private yacht. They will arrive Wednesday afternoon with the marine band from Parris island and will moor at the municipal wharf. Marine band will be quartered aboard the boats during the visit to Savannah. FULL DETAILS GIVEN OF BIG MORGAN LOAN

Paris, June 2.—(By the Associated Press).—The French government today issued a lengthy statement giving the fullest details as yet published on the \$100,000,000 advance made by J. P. Morgan & Co. to the French government in connection with efforts to stabilize the franc.

The official statement was made on the occasion of publication of remarks attributed to Edouard Herriot, potential premier, in which the leader of the radical socialist party declared that France had been treated like Turkey and that Minister of Finance Francois-Marsal had adopted an inexcusable attitude in the face of the demand of the American bankers for guarantees in addition to gold to cover the advance.

The statement, which is nearly 1,000 words long, recalls the break in the value of the franc March 11 when the French government obtained the power to draw on J. P. Morgan & Co. for \$100,000,000, "to be repaid in six months or to be settled in gold."

J. P. Morgan & Co., the statement continues, demanded assurance that governmental insurances would definitely be taken to convince the world that the improvement of the franc would be consolidated by the country's financial policy.

Included in the official pronouncement.

Innis Brown

LIFTING BALL.

The question of what is to be done where one player plays his ball with that of his opponent lying quite near, with the result that the former strikes the latter and knocks it out of its position, is frequently encountered. The answer is that in a single match, the owner of the ball displaced can either replace or not as he chooses, while in a three-ball or four-ball match or medal play the displaced ball must be replaced.

However, the rules make provision for avoiding such an incident, as the owner of the nearer ball must, upon the request of his opponent, lift his ball, if it lies within a club length through the green or in a hazard or if within six inches on the putting green. So in a single match, especially, it is up to the player to exercise this privilege.

Explanations.

Can the player whose ball is farther away, have the other player lift his ball under the above rule, whether the latter chooses to or not?

Yes.

If the two balls lie within a few inches of each other and the player of the ball farther away takes up a divot extending to where the other ball lay, must its owner replace it in the depression left by the divot, or on the loose turf after it is replaced?

No, he is entitled to place it elsewhere as near to where it lay as possible, not nearer the hole.

If any golf rules puzzle you, write Innis Brown, care The Constitution sporting editor, enclosing stamped, self-addressed envelope. He'll clear them for you.

FOR A BETTER SCORE.

Players who have difficulty in using a mashie-niblick for approach shots may do well to check themselves up on the point of lifting the club up too abruptly on the backswing and of trying to help lift the ball with a flick of the wrist on the forward stroke. Owing to its deep loft this club will get the ball up enough without any flicking of the wrists. Keep the wrists fairly firm and hit straight through.

Also, on the backswing, see that the club is taken back low along the ground. Pushing it back with the left hand and arm will insure this.

Miss Collett

Leading Field

Newton, Mass., June 2.—A remarkable 39-37-76 was scored by Miss Glenna Collett, of Providence, defending champion, in the first round of the women's eastern golf championship at the Braeburn Country club today. This is only four strokes higher than the men's record for the course which has been reached by only two professionals.

Among the next best scores were Mrs. G. H. Stetson, 88; Miss Dorothy Campbell, 89; Mrs. N. Turnbull, Philadelphia, 90; Mrs. E. H. Barlow, Philadelphia, 90 each; Miss Helen Meehan, Philadelphia, 92. The tournament is 36 holes medal play.

Other scores were: Mrs. H. A. Jackson, New York, 88; Miss Ruth Perry, Philadelphia, 95; Mrs. Caleb Fox, 96 Miss Sarah Meehan, Philadelphia, 99; Mrs. J. S. Dietson, Jr., Philadelphia, 103; Mrs. G. S. Munson, Philadelphia, 105; Miss Florence McNeeler, Philadelphia, 108.

Dundee Winner

Over Vincentini

New York, June 2.—Johnny Dundee, grizzled veteran of more than 300 ring battles, defeated Luis Vincentini, sensational Chilean lightweight, tonight at Madison Square Garden and abruptly checked the march of the young South American toward a title fight with Benny Leonard.

Dundee, calling on all his experience and speed to outgeneral his aggressive, hard-hitting opponent, gained the judges' verdict after a closely fought but unexciting 12-round contest before a crowd of nearly 7,000 that paid \$19,000 to witness it.

The decision was greeted with disfavor by a large portion of the crowd that seemed to think the Chilean's stiffer punches had given him the edge, but a consensus of ringside newspapermen supported the official verdict. Reconciliation of the rounds showed that Dundee had an advantage in five and Vincentini in three, while four appeared even.

SUPPORTERS ABANDON BARKLEY BILL FIGHT

Washington, June 2.—House supporters of the Barkley bill to abolish the railroad labor board today abandoned their fight to enact the measure into law at this session of congress.

Consideration of the measure was in order but Representative Barkley, democrat, Kentucky, its author, agreed to have it laid aside. It is one of the measures backed by the La Follette group of insurgents.

Announcing his intention of not calling up the bill, Mr. Barkley denounced the republican organization for its opposition to the measure.

"Since the commerce committee was discharged and the bill brought to the floor of the house a month ago," he said, "every obstructive method that the old guard could devise has been resorted to in order to prevent the house from considering the measure."

"We have spent 24 hours, had 21 roll calls during two days' consideration of the measure, and although a substantial majority of the membership of the house on every roll call demonstrated its desire to consider and pass the bill, a reactionary, obstructive and filibustering minority, led by the republican leader, his steering committee and some of the minor constitutions in the republican firmament, have been able, by methods not often heretofore adopted, to prevent the passage or even ordinary consideration of this important measure on its merits."

Negro Slayer Hunted.

Richmond, Va., June 2.—Deputy Sheriff J. M. Seago, of Lawrenceville, died at a hospital here today from a bullet wound in the abdomen sustained late Saturday while searching the home of John Harris, negro, near Broadnax, for whisky. Harris, who fled immediately after the shooting, is being sought by the authorities of several counties.

Harris, who fled immediately after the shooting, is being sought by the authorities of several counties.

Many Are Entered In Olympic Swim

Indianapolis, June 2.—One hundred and twenty-five aquatic stars are entered in the nine events on the Olympic swimming finals to be held here Thursday, Friday and Saturday, it was announced today. The entries include practically all the eligible swimming stars of the country, among them being Johnny Weissmuller, Duke Kahanamoku, Warren Kealoha and Norman Ross.

EPINARD'S DEPARTURE TO BRITAIN DELAYED

Maisons-Laffitte, France, June 2.—The departure of Epinard, crack French 4-year-old, for England for his season on the English turf, which had been scheduled for today, has been postponed for a few days as a result of the fact that Pierre Wertheimer's horse pulled up lame after a workout on Saturday. Eugene Leigh, trainer of the horse, said that he expected to have him started for England before the end of the week. It is said that there is nothing serious about Epinard's lameness.

Sid Barbarian Meets Bernstein

New York, June 2.—Sid Barbarian, the Armenian south paw lightweight who has been annoying wandering lightweight who chanced to pass through Detroit during the last three or four years, will take his first bow, perhaps a tumble, in New York Wednesday night. He fights Jack Bernstein, a local lightweight of the rough-and-tough style.

Barbarian used to challenge Benny Leonard once a week for the lightweight championship, but he let years pass without ever coming to New York where the champion does his serious fighting. Now Barbarian is believed to be past his prime.

To Adopt Movies As Final Judge

New York, June 2.—Motion pictures as final arbiters of finishes in intercollegiate track and field championships, tested for the first time

officially in the title meet at Cambridge last Friday and Saturday, probably will be a fixture in the conduct of the annual games, officials of the I. C. A. A. A. A., said today.

The value of the new scheme to correct possible mistakes of judges at the finish mark was demonstrated, officials pointed out, when the slow motion pictures of the 100-yard dash trials on Friday showed the third and last qualifying place in a heat had been given erroneously to Chase, of Harvard, instead of Barber, of California. As a result the judges' verdict was overruled.

MIDSHIPMEN GIVEN ATHLETIC AWARDS

Annapolis, Md., June 2.—The Navy Athletic association today announced prize awards to the two outstanding athletes of the closing academic term. For the second consecutive year Ira C. McKee, of Butler, Pa., will receive the athletic association award for personal excellence in athletics, while Stephen G. Baruch, of St. Mary's, Md., will have his name engraved on the Thompson trophy cup, as the midshipman whose personal influence did most for promotion of athletics.

Both are members of the graduating class. McKee has starred in football, basketball and baseball for the last three years, while Baruch has excelled on the gridiron and diamond.

Season To Open At Latonia Today

Latonia, Ky., June 2.—Spring racing will begin at Latonia tomorrow with a card featured by the inaugural handicap, a race designed for older horses at a mile and a sixteenth for an added purse of \$5,000. Nineteen thoroughbreds have been named for this event. Audacious, coupled with Ten Lee, as the Mrs. L. Viau entry, has been assigned a weight, 122 pounds. Six other events, for horses of lesser calibre complete the opening day's program.

The course is in excellent condition.

Madden Signs For London Bout

New York, June 2.—Bartley Madden, New York heavyweight, whose engagements to fight Harry Wills at the Queensboro A. C. is still an uncertainty pending efforts of the club to obtain approval of its arena by the fire department, has accepted an offer of \$25,000 to box Jack Bloomfield, English heavyweight, at London on July 7, according to announcement by his manager today.

CRACKERS DEFEAT CHICKS, 4 TO 3 IN FIRST GAME

Bobby Jones Low Scorer In Practice at Detroit

Detroit, Mich., June 2.—(Special.) General indulgence by the country's golf stars in the four-ball best ball matches featured Monday's practice for the national open championship tournament at Oakland Hills Country club.

Bobby Jones, of Atlanta, defending champion, was low scorer today with a card of one under par for 36 holes. McDonald Smith, leading the western contingent, was next with par while Eddie Loos, of Chicago, was one above Smith.

The most popular foursome was composed of Jones and Joe Kirkwood, and Walter Hagen and Mike Brady, former professionals at this club. Jones and Kirkwood beat the other pair one up in an 18-hole match.

They were all even coming to the

seventeenth, where Jones and Kirkwood moved ahead, each scoring a three to a pair of fours by their opponents. Brady was on with an iron, but had a long approach putt and overran the hole, while Hagen, just short of the green from the tee, failed to get close enough with his chip shot.

Given that lead, the Jones-Kirkwood combination clung to it when Jones got a birdie four on the eighteenth to halve the hole with Hagen. Despite the general levity, Jones managed a 75, the best score of the four.

Jones and Hagen indulged in a slugging match from the tees, taking turns about leading the way until late in the match when Brady began finding himself. On several of the holes as they neared home Brady's drive was out in front.

Auburn Pistol Team Wins Title

Auburn, Ala., June 2.—(Special.)—The pistol team representing the field artillery branch of the R. O. U. C. units of the Alabama Polytechnic institute has again won the national championship, according to telegraphic dispatches received here by Major John E. Hatch, commandant of the military division, from the chief of field artillery, U. S. war department, at Washington.

The match was fired May 10, and the official announcement of the winners came soon after the tabulation of the results from the various teams in the big competition from the different parts of the entire country. Upward of thirty teams over the United States made up the nationwide competition. Auburn ranked second to the Alabama while Princeton came in third.

The Auburn team were successful in bringing down the premier honors in the 1923 national pistol event. In last year's match Missouri ranked second, while faraway Oregon carried away third honors.

The personnel of the team this season is as follows: J. H. Reeves, Eugene A. T. Wilder, Andalusia, Ala.; B. Wood, Columbus, Ga.; A. R. Swenson, Gadsden, and M. B. Smith, Dawson, Ala. Only two men, Reeves and Wood, were members of last year's team.

Sally League

SPINNERS BEAT CHARLOTTE.

Greenville, S. C., June 2.—With Norman King Lehr pitching, the Spinnars defeated Charlotte here today in the first game of the series by the score of 10 to 4. The game was fairly close until the Spinnars combined timely hitting, bad bases and errors of judgment on the part of the visitors to score five runs.

Rhinhardt's triple with the bases full accounted for three runs. Tolson and Carter each poked out home runs over the fence, and the rival centerfielders also tied in the hitting attack.

SPINNERS BEAT CHARLOTTE.

Greenville, S. C., June 2.—Augusta defeated Spartanburg today in the first game of the series by the score of 10 to 4. The game was fairly close until the Spinnars combined timely hitting, bad bases and errors of judgment on the part of the visitors to score five runs.

Rhinhardt's triple with the bases full accounted for three runs. Tolson and Carter each poked out home runs over the fence, and the rival centerfielders also tied in the hitting attack.

Petrels Receiving Loving Cup for Baseball Performance

Photograph by Mathewson & Price, Staff Photographers.

Dr. Thornwell Jacobs, president of Oglethorpe university, formally presenting to Coach Frank Anderson and the Oglethorpe 1924 baseball organization the large loving cup given to the Petrels by Mrs. Betty K. Boyd, ardent Oglethorpe supporter, for their accomplishment of winning 20 out of 22 games played this season. The cup was announced last Monday night at the Oglethorpe annual dinner, but was not formally presented until Saturday. Those in the picture are, left to right: Adrian Maurer, Jake Morris, Jay Partridge, President Jacobs, Clay Wall, Lefty Willis, Coach Anderson, Clay Parrish, Pug Bryant, Bill Cox, Truck Porter and Charles Ferguson.

WALKER HOLDS TO WELTER TITLE

Philadelphia, June 2.—Mickey Walker, world's welterweight champion, received the judges' decision over Lew Teller at the end of a ten-round bout here Monday night.

The southpaw's long left bothered Walker but when the champion got inside the challenger's guard he scored heavily to Teller's body. The Philadelphia man was, however, He met Walker at every turn, blow for blow, carried the fight to the champion during the later rounds and even forced the champion to cover by the fury of his attack.

Walker fought a crafty fight. He rushed Teller, swinging with both hands while Teller boxed for an opening to clinch. The challenger opened off a bit awed by the championship aspect, but gained courage. He opened up in the final rounds and rushed the titleholder, carrying the fight to him. Walker's lead in the early rounds, was too great to overcome, however, and the vote of both judges.

Teller's showing against Walker was a distinct surprise to the crowd, most of which had favored Walker to win by a knockout. Teller started off cautiously, covering up at every turn and allowing Walker to do all the leading. The seventh and eighth rounds saw him shift his tactics and he exchanged blows at short range with Walker.

"Bluff"

(At the Howard.)

The feature screen attraction on the Howard program is the Paramount production, "Bluff," featuring Agnes Ayres and Antonio Moreno. "Bluff" is a veritable film drama against the background of the "Bluff" of the most fascinating side—the luxurious Fifth Avenue town houses and artists' studios. It has something for everyone, with a special appeal for young girls who are continually asking themselves "If I went to New York could I win fame, fortune and a handsome husband on my nerve and looks alone?"

The overture for the week by the Howard Symphony orchestra is the overture to the opera "Marianne" by William Vincent Wallace, with Buel B. Rinsinger conducting both in person and on the screen.

The comedy is "Little Brother," featuring Slim Summerville.

"The Great White Way"

(At the Metropolitan.)

"The Great White Way," the Cosmopolitan corporation's big motion picture, which graphically brings modern New York and Broadway to the screen in what is said to be one of the most interesting and ever filmed, will have its premiere at the Metropolitan theatre.

That the new picture has evoked an interest among patrons of the silent drama unparalleled in the history of photoplay presentation, is evidenced by the tremendous demand for seats to the opening performance. Famous celebrities play actual parts in the film itself, which is woven around the turf, the prize ring, the theatre and Broadway. One of the big features is the "Great White Way," the Cosmopolitan corporation's big motion picture, which graphically brings modern New York and Broadway to the screen in what is said to be one of the most interesting and ever filmed, will have its premiere at the Metropolitan theatre.

tures is a realistic prize fight in which the champion, professional prizefighter, battles Oscar Shaw, leading man of the picture. This scene includes such leaders in fight circles as Tex Rickard, who appears as promoter and others.

Enrico Leide offers "Raymond," by Thomas, in his overture.

"Mademoiselle Midnight"

(At the Rialto)

More beautiful than ever, and giving the best performance of her career, Mae Murray returned to the Rialto Monday in her newest Metro picture, "Mademoiselle Midnight."

She was delighted as a care-free daughter of old Mexico, who later was forced to meet the stern actualities caused by a bandit-suitors-villain. Monte Blue, as an American, came to the rescue, however, so everybody was happy. Robert McKim appeared as the outlaw and Robert Edson played the role of the girl's father.

The program is enhanced by a comedy called "The Girl in the Red," which is screamingly funny, and an International Newsreel.

Whitney Hubner has evolved a musical program for his Rialto orchestra that is formerly out of the ordinary in that it features the music of old Mexico to a degree that adds tremendously to the charm of "Mademoiselle Midnight" and the rest of the program.

New York, June 2.—Publication of

New York, June 2.—Publication of the first government crop report of the season was followed by an excited advance in the cotton market today, but the demand was supplied around 27.50 for October contracts and prices later reacted under realizing. October sold off to 26.72 and closed at that figure, the general market closing easy at net advances of 11 to 30 points.

The market opened firm at an advance of 25 to 33 points and active months sold about 45 to 67 points net higher during the early trading on the over-holiday strength of Liverpool, which was very bullish weather and crop advances from the south.

Pre-government report realizing caused reactions of some 20 to 25 points in the forward, but the official condition of 65.6 was more bullish than expected and was followed by a rush of covering and buying.

July sold up to 30.50 the December to 26.75, or 85 to 105 points above Thursday's closing quotations, but the buying then tapered off and the afternoon sold down to 26.70 for July and 25.97 for December under realizing or selling on belief that the low condition had been discounted and expectations of better weather.

EXCITED TRADING

AT NEW ORLEANS.

New Orleans, June 2.—The cotton market today experienced the usual excited trading on the publication of the first government condition report of the season, which made the price 65.6 per cent of normal. July, which had opened at a slight gain and was trading at 29.94 prior to the publication of the report, shot up quickly to 30.40, or 46 points above the pre-bureau point. October, which had been trading at 26.14, advanced to 26.70, a gain of 56 points. The market turned easier after the first bulge and prices gradually declined until July traded as low as 26.55 and October 25.98, or 85 and 72 points respectively down from the day's high. Other new crop months followed the same course as October. The close was near the lowest, showing net losses for the day of 40 points on July and 23 to 26 points on new crop months.

The market opened irregular 17 points up on near months to 2 to 4 points down on nuge distant positions. As it was generally believed a low bureau condition average had been amply discounted prices eased off gradually until just before the report for publication of the government report the active trading months were ruling 12 to 14 points below the close of Saturday. Although the condition average report of the government was somewhat lower than expectations, the resulting advance of two dollars and a half to nearly \$3 a bale soon gave way to active realizing which was helped by a forecast for better weather in the belt and

also by reported selling by some large spot interests that have been prominently identified with operations on the bull side in May and July.

The selling, which started about half an hour after the condition report was announced, kept up for the rest of the session and the low points, practically \$4 a bale down in the final trading, so a fair net loss for the day resulted. The general impression created by report was that the crop has made an unfavorable start. The New Orleans market will be closed tomorrow in observance of Confederate Memorial day.

Mrs. Martha Goode Anderson Writes of German Visitors in Italy

In a letter recently received from Mrs. Martha Goode Anderson, who is touring Europe with Miss Margaret Massengale, of Atlanta, Mrs. Anderson gives her opinions of Rome and other interesting Italian cities the tourists encountered.

Mrs. Anderson says:

The most outstanding features of the "Eternal City" are the marvelous fountains, the quantity of brilliant, lovely flowers on every street corner, and the vast number of Germans we have seen flooding museums, galleries and hotels. In Rome we learned that over one million passports had been issued at the Italian consulate. Of course every stranger arriving in an Italian city, matters not for how short a stay, must send their passports to the Italian police and in this way a record is kept of all foreigners. Usually it is done through the concierge in the hotel, who demands the passport as one registers and sends it to the proper authority. We receive in return a small card of identity.

The Germans boast proudly of the fact that their money is now at par and the gold mark has five times the value of the Italian lire. Going to the silver-blue grotto at Capri, while we were at Naples, I was astonished to find the boat crowded with hundreds of Germans, the women atrociously

every effort was made to keep all money within the country.

Italy is far from being the heralded "cheap" country about which we hear so much and in Rome we found everything far dearer than in Paris.

Nothing equals the charm of the capital—but a lifetime is needed to see all of its treasures and more than a lifetime to learn all there is to know and remember. We visited, of course, the usual things: the catacombs, St. Peter's, the Vatican with its art treasures, marvelous rooms and mosaic factory, the National museum and the lovely Borghese villa, called "The Queen of Museums." Small though it is, its priceless art indeed wins for it its well deserved name. Nothing can exceed the beauty of Canova's "Venus," for which Napoleon's lovely sister, Pauline, afterwards the Marchesa Borghese, is said to have posed. The exquisite grace of her slender perfect body, the rare poise of her glorious head, and the charm of her delicate, pointed fingers live in the Carrara marble in life-like reproduction. It is just as well that this souvenir of Napoleon's family lives in Italy, since he himself carried to France so many of Italy's treasures of art and history. The Villa Borghese is set at the end of a long drive in the beautiful gardens surrounding it and is a shrine to which all real lovers of art hasten.

Audience With the Pope.

The real incident of our Roman stay for us was the audience granted to us in the Vatican with his holiness, the pope. We secured our cards and introduction at the American college, through Father Burke, a most amiable personage who greeted us in good American English when we called at the college and wrote at once for us a letter of introduction to the papal secretary. Our visit followed just after the two American cardinals had been received at the Vatican and there were many American priests, who came over with these dignitaries, to be seen. Father Burke admonished us repeatedly as to the sort of dresses to wear and cautioned us that no open-necked dresses could be received by his holiness. We wore high-necked black gowns, without collar, and graceful lace scarves over our heads, and repaired on the appointed day to the Vatican in a drenching downpour of rain which, however, could not dampen enthusiasm or interest. Within the papal apartments, we were met at the outer door by the papal soldiers who still wear the uniforms designed so many centuries ago by Michael Angelo and which would make fascinating costumes for the Nine O'Clock fancy dress balls at home, with their vivid colors of red and yellow and blue, medieval hats and halberds. These soldiers pointed the way to other steps within the palace up which we climbed, endlessly, it seemed, for flight after flight had to be ascended before the audience chamber was finally reached. In a vast, vaulted hall, where more soldiers paced up and down, and red-velvet-clad functionaries went importantly back and forth, we waited until the signal was given to enter the great audience chamber. This enormous room, with velvet chairs along the walls, was carpeted with green velvet and the ceiling was vivid blue, contrasting with the light red brocade walls. At an end was an ornate, life-size crucifix of ivory at which knelt an angel of gold. At the other end was a great throne chair under a canopy and mounted on a little raised platform.

Dresses Rigidly Inspected.

The holy father came in to this room through velvet-bung doors, preceded by a major domo who rigidly inspected the ladies' dresses and made a sign for us all to kneel as the important doors swung open and the white-robed pope came in, attended by soldiers and priests. He passed silently and quickly from one to the other and held out his hand on which was the great papal ring for us to kiss, gave a benediction and left the vast room almost as quickly as he came. We wandered out into the sunlight, which had come again after the rain and wondered if it were really true that we had been received by one of the outstanding personages in all the world. The pope is not tall and peered at his visitors through double-rimmed glasses. He wore a long white gown with sash embroidered in gold and his red velvet slippers, embroidered, too, in gold, creaked a little as he walked, as one's Sunday shoes sometimes do when one does not wish them to.

There were several little children in our party, dressed like miniature brides, all in white and enveloped in sweeping veils of misty white tulle. Besides these he lingered, laying his hand tenderly on the soft curls, while the little ones looked up at him wonderingly with big, round eyes. He seemed a little weary, I thought, and was quiet and somewhat nervous in all his manner.

Before leaving Rome we tossed pennies into the beautiful Trevi fountain, whose bright waters come from so far away from the city, hoping that the legend which promises a return to those whose pennies fall within the marble basin will once more prove its truth for us.

Spring St. School Holds Exercises.

The graduation exercises of the Spring Street school were held in the school auditorium Thursday, May 29, at noon. The class consisted of 77 graduates.

The program was as follows: Master of ceremonies, by Norman Gentry, president of sixth high; the Lord's Prayer, by class; song, "America," by class; history and prophecy of sixth high, by May Latimer; motto, by class; violin solo, by Gene Lee; "Why Go to Junior High School?" by Caroline Leiding; history and prophecy of sixth high, by Mabelle Dickcy; introduction of speaker, by George Leppert, president of sixth high; address and delivery of diploma, by Willis A. Sutton; song, "Home, Sweet Home," by class.

Special mention is given to the fact that Margaret Axon, of the sixth grade, won the U. D. C. medal for the year.

Open house day, which was May 23, was very enthusiastically attended by the mothers, fathers and friends of the boys and girls at Spring Street school. An interesting talk was given by Ossie Linde, a noted artist. He also drew a Venetian scene in an impromptu way, which was appreciated by all.

Mr. and Mrs. Joseph Slattery have taken possession of their apartment at 680 Ponce de Leon avenue. Mr. and Mrs. Slattery recently returned from Havana, Cuba, where they have spent the past ten months.

Maid of Honor at Reunion

Photo by Stephenson Studio.

Miss Alice Mason Douglas, daughter of James F. Douglas, at 205 East Lake road, who will attend the reunion of the United Confederate veterans being held in Memphis, Tenn., this week. Miss Mason will be maid of honor to the North Georgia Brigade.

Camp Highland Offers Matrons' Training Course

Miss Lucy Marvin Adams, director of the Y. W. C. A. camp at Highland, Ga., also health director of the local association, announces that matrons of Atlanta in increasing numbers are registering for the intensive health training course for women that will be given at Camp Highland from August 25 to September 4, a period of ten days. Miss Adams states that while the course will be conducted primarily for former members of Y. W. C. A. matrons' and reducing classes, registration is open to any woman in Atlanta or elsewhere who may wish to take the ten days' training. The total fee for the course will be \$25. For this, Miss Adams states, she will give two hours daily in open air physical training, one hour in the morning and one in the afternoon.

Miss Pauline Martin, swimming instructor of Camp Highland, will give the class, daily, one hour in swimming with no charge for the use of the concrete swimming pool that is 45 by 90 feet. Three well-balanced meals will be served, with separate diet tables for the matrons who may wish to reduce or may wish to gain. Instruction in tennis will be given with the free use of the courts. Evening entertainments will be planned as a feature of recreation. To each one taking the course Miss Adams will give one of her booklets on "How to Grow Thin" with 24 lessons in our party, dressed like miniature brides, all in white and enveloped in sweeping veils of misty white tulle. Besides these he lingered, laying his hand tenderly on the soft curls, while the little ones looked up at him wonderingly with big, round eyes. He seemed a little weary, I thought, and was quiet and somewhat nervous in all his manner.

Moreland School Keeps Open House.

The last school days for this term have been very full and joyous to the kiddies at Moreland. Last Friday morning Moreland school held "open house" and the building was thronged with mothers, Mr. Meisel, Mr. Gaines and Mr. Ashley also visited the school last week.

Wednesday and Thursday evening of the past week the annual spring production took place. Quite a good sum was realized, which will be used for school purposes.

At the last meeting of the P. T. A. the following members were elected for next term: President, Mrs. J. L. McCord; first vice president, Mrs. Ernest F. Brown; second vice president, Mrs. J. G. Ponder; recording secretary, Miss Lucie V. Harris; corresponding secretary, Mrs. B. I. Faver; treasurer, Mrs. John S. Hurt.

Country School Exhibition At Lee Street School.

A country school exhibition, directed by Mrs. R. T. Connolly, will be given at Lee Street school auditorium Thursday evening, June 5, at 8 o'clock for the benefit of Margaret A. Wilson, daughter of the well-known pioneer family of Charleston, S. C.

Worthy Matrons' Club To Meet.

The Worthy Matrons' club, O. E. S., will meet this afternoon at 2:30 o'clock in the Gate City chapter rooms in the Forsyth building. All present worthy matrons are invited to attend. There will be four grand officers present at this meeting.

Miss Mary Middleton will be one of the graduates graduating from the Girls' High school this evening at the city auditorium. Miss Middleton is the attractive, bright daughter of Mrs. Walter L. Middleton and the late Mr. Middleton of the well-known pioneer family of Charleston, S. C.

Kellogg's Bran did more in two weeks than medicine taken in 20 years

Out of regard for your own health, read this letter:

Gentlemen:

Your "Krumbled Bran," used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in last twenty years for constipation. It is wonderful, and it is so simple.

Yours truly,
Arlington H. Carman,
Pittsburgh, N. Y.

Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.

Kellogg's Bran STIMULATES the

Miss Lindsey Honors New York Visitor And Bride-Elect

Miss Estelle Lindsey entertained at an informal bridge-supper Monday evening at her home in Brookwood Hills in honor of Miss Frances Brown, of New York, who is her guest and Miss Leila Mae Jenkins, a bride-elect of next week.

The rooms where the game was played were decorated with a profusion of garden flowers, artistically arranged in vases and bowls placed on the mantels, bookcases, and consoles. Following the game supper was served at the individual tables.

Miss Lindsey wore a dainty frock of yellow crepe.

Mrs. Wise was gowned in sand-colored crepe embroidered in shades of green.

Miss Brown wore a handsome imported costume of Nile green crepe.

Miss Jenkins is set at the end of a long drive in the beautiful gardens surrounding it and is a shrine to which all real lovers of art hasten.

Dinner-Dance At East Lake.

One of the most beautiful and interesting social events of the week-end was the first of the al fresco dinner-dances given at the East Lake Country club Saturday evening.

Tables grouped on the terrace gallery and sun parlor were artistically decorated with summer flowers and ferns.

Mr. and Mrs. R. D. Ison had as their guests Mrs. J. R. DeWitt King, Mr. and Mrs. Goodlow Young, Dr. and Mrs. Henry Davis, Mr. and Mrs. C. Springer King.

Dining together were Joe Person, Miss Virginia Ashe, Joe Draper and Miss Marie Ellis Smith.

Mr. and Mrs. Earl Knight entertained Miss Marie Mathews and F. J. Haskell, of New York city.

Mr. and Mrs. J. B. Sisson's guests were Mr. and Mrs. H. B. Worsley, Dr. and Mrs. J. S. Derr, and Dr. and Mrs. C. E. Ware.

Mr. and Mrs. Dave Webb had as their guests Mr. and Mrs. Enrico Leide.

A congenial party dining were Mr. and Mrs. Guy Shearer, Mr. and Mrs. C. R. Williams, Mr. and Mrs. Tom Swain.

Mr. and Mrs. Berrien Moore entertained Mr. and Mrs. Taulman, of Charlotte, N. C.; Mr. and Mrs. A. W. Feeney, Mr. and Mrs. W. B. Rooper and J. C. Collier.

George Everett Channell entertained Mrs. Martha Butternorth and Steve Hartney.

John Graves' guests were Captain and Mrs. Lamar Weaver, Miss Ruth Brock and Harry Villard.

Charles DuFree entertained Miss Mae Barber.

W. M. Nash had as his guest Miss Sophie Horne.

Ray Hastings entertained a party of four.

Fred Truax's party consisted of three guests.

George Nix had as his guests Mr. and Mrs. J. T. McDonald, Miss Maude Zater, Mrs. M. Weeks, Mrs. Knowlton, Miss Conway, Al McDonald and William Franklin.

C. B. Cabaness entertained a party of five.

Miss Fischer Given Lovely Bridge Party.

Mrs. Charles Walker entertained at bridge at her home on Virginia avenue Monday afternoon, the occasion complimenting Miss Katherine Fischer, a lovely member of the graduating class of the Girls' High school.

Spring flowers were used to decorate the apartments where the game was played, and the prize for top score was a lovely dorian, and for consolation a hand-made handkerchief. The honor guest received a lovely pair of white silk hose.

DAILY CALENDAR OF SOCIAL EVENTS

A social event of interest will be the formal opening of the roof garden of the Capital City club this evening.

Mrs. Stephen A. Lynch will give a buffet luncheon today at her home on Peachtree street.

An event of this afternoon will be the reception given by Mrs. Charles Shelton and Mrs. Luther Rosser, Jr., at the Piedmont Driving club.

The Omicron Delta Delta fraternity of Tech High school will give its annual banquet this evening at 7:30 o'clock at East Lake Country club.

Mrs. Joe McCord, Jr., and Mrs. M. A. Tucker will be hostesses at a luncheon in compliment to Miss Leila Mae Jenkins, a bride-elect.

Mrs. Alfred Kennedy will entertain at luncheon today in honor of Miss Elizabeth Kontz, whose marriage to William Hooper, Jr., will be an event of June 12.

This afternoon a miscellaneous shower will be given in honor of Miss Dorothy Padgett by her sisters, Mrs. Hardy Padgett and Mrs. Ben R. Padgett, Jr., at the home of Mrs. Ben Padgett, Jr., on Virginia avenue.

Today Mrs. J. L. Campbell will entertain for Miss Lucy Candler and Miss Elizabeth Owens at a buffet luncheon at her home on Fairview road, in Druid Hills.

Mrs. William Fiske will entertain at breakfast this morning in compliment to Mrs. Zell Gaston and Mrs. Robert Burnett, of Birmingham, Ala., who are the guests of Mrs. F. A. Wilson-Lawson.

Miss George Halpin will entertain at bridge this afternoon at her home, 57 South Gordon street, in honor of her mother, Mrs. R. Taylor Connolly, who leaves next week to spend the summer in Kentucky and West Virginia.

Mrs. Paul Baker, of Marietta, will entertain at bridge in honor of Miss Augusta Cohen.

This evening at 8:15 o'clock the graduating class of the North Avenue Presbyterian school will receive their diplomas at the Woman's club.

Mr. and Mrs. James W. Moore will entertain the members of the Howell-Therrell bridal party at a buffet supper this evening following the wedding rehearsal at the church.

This afternoon Miss Teddie Parish will entertain at a matinee party for Miss Mary Louise Howell.

Miss Louise Sullivan will entertain at a bridge-tee this afternoon for Miss Leila Mae Jenkins.

Miss Mary Malone, Miss Elizabeth Owens and Miss Lucy Candler will be honor guests at a large tea to be given by Mrs. Edgar Dunlap at her home on Oakdale road in Druid Hills.

Mrs. Thomas H. Monroe will entertain at a large bridge party this afternoon at the Officers' club at Fort McPherson in honor of her mother, Mrs. Monroe, who is leaving for her home in California.

This evening the Atlanta Conservatory of Music will present Miss Lillie Ruth Hemperley in a certificate expression recital at 8:30 o'clock at Cable hall.

The out-of-town members of the alumni of the medical department of Emory university, with their wives, will be honor guests at the entertainment to be given by the women's auxiliary of the Fulton County Medical society at the Academy of Medicine on Howard street this evening.

The graduating exercises of the Girls' High school will take place this evening at 8:15 o'clock at the city auditorium.

Miss Mae Tappan will entertain this evening at a buffet supper at her home on Ponce de Leon place preceding the wedding rehearsal of Miss Bessie Tappan and Alton S. Farris.

Mr. and Mrs. Charles F. Whitner will entertain at a buffet supper at their home on Juniper street in compliment to the Whitner-Lee bridal party.

An afternoon tea, sponsored by Circle 9 of the First Presbyterian church, will be given this afternoon at the home of Mrs. W. D. Manley on Peachtree street in honor of Miss May Burke, of Macon.

Mrs. John D. Little will entertain at luncheon today at her home on Peachtree street in honor of Miss May Burke, of Macon.

Miss Sarah Adelle Eastlack will present her class of juniors and "little tots" in recital this evening at Edison hall, corner Peachtree and Ellis streets.

The West End Woman's club will entertain at the Georgian Terrace from 3 until 5 o'clock.

The College Boys are Here

A GROUP of ambitious, wide-awake young men are working in this city during their Summer vacation, to earn their tuition to college. One of these students will call on you within the next few days to explain to you a plan which will make it easy for you to get Pictorial Review regularly. He will have nothing else to offer you. Each student will carry with him an official certificate like the one reproduced below, on which will appear his photograph, his description, and his signature.

These boys, representing Oglethorpe, Emory, Mercer, University of Georgia, and Atlanta Dental College, are working Atlanta, starting now:

R. Anderson	E. Connell	W. Jordan	F. Moore
R. Atkinson	P. Crenshaw	F. L. Kraemer	W. T. McCurdy
M. C. Bishop	J. Deriso	D. R. Kersh	L. O'Barr
J. B. Black	J. W. Gray	J. Lawrence	W. Pickett
D. Blake	G. W. Harding	R. Lawrence	S. Rainey
L. J. Boone	G. Haaty	Ralph Lee	J. Rogers
C. Buchanan	R. T. Heath	H. Lockridge	J. E. Tanksley
W. Bugg	J. Hogan	P. Mackey	B. H. Vinson
W. M. Bugg	G. Holcomb	L. R. Martin	S. Welch
Paul Butler	R. M. Holleman	W. Mills	P. Wilkes
Thomas Camp	S. Jenkins	L. K. Mooney	S. Wimbish

Come With Her As the Shopping Goes

For her we have crossed the seas into many lands and exacted tribute from countries far and near. For her, we believe in fairies, for surely human fingers could never have wrought with such uncanny skill as she will see here in fabrics and lace and cunningly brodered things for her trousseau! For her every necessity, every luxury, every whim—may be gratified here.

Her Dresses

For afternoon, street, sports wear—she would scarcely dream of the choice of so many charming things as these groups at\$24.75 and \$33.75

Every express adds new charms to the showing of models—at these prices and in others of very exclusive designs.

Second Floor

Her Hickson Suit For Traveling

Eminently smart for travel and street, the Hickson, Tailleur, faultlessly tailored, correct in every line. The newest models constantly arriving.

Second Floor

Her Evening Gowns

Here in a special salon for evening wear she may choose a dainty model of Georgette and lace that looks incredibly lovely at\$33.75!

Or perhaps an exclusive imported model at \$195.00 more or less—and the choice of lovely things at all prices between the two.

Second Floor

Her Shoes

Cinderella's own were never more lovely than these of silver brocade with brilliant buckles, or the simpler ones of plain white kid—all depending on the dress.

Main Floor—Rear

Her Luggage

She finds in this luggage section—basement—a remarkably good looking hat box in black enamel, cretonne lined, at \$5.75. And many others at various prices. It's remarkable how much one of these will hold in addition to hats!

And the wardrobe trunks that are really "smash-proof," the small grip and the exquisitely fitted suitcase, all are here.

Luggage Section—Basement

Her Gloves

For the great occasion, 20-button fine glace kid gloves at\$7.50 For street, traveling and sports, the most fascinating new designs and color combinations in kid and in silk, 95c or \$9.50 a pair—all the best of quality that the price will buy.

Main Aisle

Her Kerchiefs

To be treasured always, the real Duchess or Rose Point lace, one for \$6.50 or perhaps \$16.50. Then of the flower-like array for every other occasion she will choose dozens of the daintiest novelties ever seen at 25c and up to \$1.50.

Main Aisle

For Her Toilet Table

Perfumes, whose essential ingredients are so rare that their "weight in gold" would never buy! Yet the perfumer's magic art blends and offers their wonderful fragrance in dainty packages at \$1.00 to \$16.50. Lotions, creams, sachets, and charming trinkets for the handbag and toilet table—here a puff box that plays a merry dance when the top is removed—and here too, much to tell of! Come and see!

Her Pearls

Maybe a string of priceless real ones from the groom, or as a present from relatives or friend, but pearls she must have. These Richelieu pearls are so like the real that few there be who can say real or reproduction! Necklaces, ropes, and pendants at \$3.50 to \$65.00.

Main Aisle

Her Scarfs and Neckwear

Of course for everything but the wedding gown, there must be a scarf! For evening, for the street, motoring, and sports wear. And for every costume there's a scarf here to accentuate its best points. One may choose at \$2.95 to \$35.

Street Floor—Front

Should She Make

Her Wedding Gown

See these lustrous white crepes that fall in exquisite lines, magnificent heavy grades that may be had at.....\$2.95 to \$5.95

The tall stately type may choose from the handsomest brocades in many fabrics at\$3.95 to \$7.50

The very girlish bride will often select from these georgettes or crepes Romaine at.....\$1.29 to \$5.50

For the Lace Gown combined with tulle and silver, what exquisite things unfold! Chantilly, Point Applique, Rose Point—the most modestly priced or the rarest hand made.

Main Floor

Should She Buy

Her Wedding Gown

And why not, when she sees this exquisite chiffon satin model made with circular flounce of silk shadow lace, the new scarf train attached with pearl bands, and trimmed with orange blossoms, at.....\$49.50

And, of course, there are many more and handsomer ones from which she may select.

Second Floor

Her Veil

Tulle, of exquisite simplicity, or an heirloom of rarest lace. Wreath and sprays of orange blossoms, filets of silver and brilliants—are here, and skillful fingers to design and drape.

Second Floor

Her Hats

Smartly tailored for traveling, flower trimmed for afternoon, exquisite lace and flowered models for semi-dress and evening. Famous creators of style from Paris and New York have contributed to make her choosing easy.

Second Floor

Her Linen Chest

The "hope chest," turned into beautiful reality, needs but to be completed with some of these exquisite hand-embroidered and lace-trimmed linens for the bride's table and her future home. The most exquisite things right now are being sold at greatly reduced prices!

Main Floor

Her Gifts

To Bridesmaids

Perhaps mother o' pearl beads in lovely shades to match the gowns, or scintillating crystal beads. Scores of unique suggestions will be seen here in the jewelry section and in the department of toilet articles.

Main Aisle

"Thank-you" Notes

Right from Paris come these unusual correspondence cards for the brief thank-you note. And of course every smart conceit in stationery by the quire, box or pound.

Stationery—Main Floor

Her Underthings

Here's the last word in lovely daintiness—an all-white bridal set in Georgette and Crepe with silk laces and hand-made white flowers.

And for her other costumes there are sets and separate garments in Crepe de Chine, Radium and Georgette—showing exquisite hand work, real laces, and unusual designs at prices that are modest in the extreme.

Second Floor

Her Negligees

Bridal loveliness personified—filmy creations of two and three layers of Chiffons and laces in most exquisite color combinations. Georgettes combined with Chiffon and lace, soft silken affairs with little self-ruffles, laces, flowers and ribbons. Charming models at \$7.95 and more elaborate at \$16.95 and up.

Second Floor

Her Corset

All lace and lily of the valley silk brocade—this "circle sash" Corset.

And the daintiest of lace Brassieres, especially designed for the bride.

Expert corsetieres to fit the bride correctly in just the right model.

Second Floor

Her Stockings

She will choose sheer chiffon of white or silver for the wedding gown. Then she will marvel at the beauty of quality and color to suit every costume for travel, sports and evening wear. There is our unequalled fine Chiffon or lightweight at a modest \$1.95, and every other quality that is good—some lower and some at higher prices.

Main Floor

And Don't Forget

"Something old, something new, something borrowed, something blue!"

J. C. Harris P.-T. A. Hears Splendid Treasurer's Report

A splendid treasurer's report for the year was turned in by Mrs. A. C. Spinks to the Joel Chandler Harris P.-T. A. The splendid part about this report was the enthusiasm and interest awakened by the beautiful new building. Although the P.-T. A. of this school under the regime of the most capable president, Mrs. W. L. McCalley, Jr., was not considered as a money-making organization, the fact remains that more money has

been raised during the year 1923-24 than ever before in the history of the school.

At present Joel Chandler Harris school is a member of city and state federation and P. T. council.

Articles bought during the year were a curtain for the auditorium, piano, picture machine, flowers and shrubs for grounds, playground equipment for children, books for library equipment for teachers' room and kitchen scales for clinic and do-hospital shelter.

Joel Chandler Harris P.-T. A. is going forward and a great deal of the credit is due the splendid officers of the past year, Mrs. W. L. McCalley, Jr., president; Mrs. A. L. Gregory, first vice president; Mrs. Felix Johnson, second vice president; Mrs. J. M. Jennings, corresponding secretary; Mrs. A. C. Spinks, treasurer.

Calhoun P.-T. A. Board To Meet

A meeting is called of the executive board and grade chairman of Calhoun Parent-Teacher association for Tuesday morning, June 3, at 11 o'clock. This is an important meeting and members are urged to attend.

Mrs. Perkerson Is Elected Head Of Williams P.-T. A.

At the May meeting of the Williams Street Parent-Teacher association the following officers were unanimously elected for the coming year: Mrs. H. M. Perkerson, president; Mrs. J. D. Coleman, vice president; Mrs. K. F. Herder, secretary; Mrs. J. C. Turner, treasurer.

The speaker for the afternoon was Assistant Superintendent of Schools Hunter, who told of the aims and work of the junior high schools, showing interesting pictures of their varied activities. Mothers and teachers were very proud of his announcement that Williams street pupils led in their standing at the various junior high schools for the first semester.

Mrs. George Russey, the retiring president, received a beautiful Maxwell field picture, the gift of the teachers of Williams Street school. Miss Long made the presentation speech and a card of good wishes signed by each teacher accompanied the gift. Mrs. Russey spoke of her love for the school and its teachers, and regretted that she was no longer a patron of Williams, where young members of her family had been enrolled for the past 17 years.

Mrs. Neil's sixth grade won the Howard tickets for most mothers present and Miss Ellen Kendrick's kindergarten won the cash prize for highest percentage of attendance.

It was voted to pay for the programs for the graduating class, and five dollars was voted as a gift to Daniel O'Keefe Junior High.

Miss Silvey reported the gift of a set of books to Daniel O'Keefe from Miss Long and the teachers of Williams.

All were invited to Open-House day, which was held Thursday, May 29. Interesting programs were given by each grade. Mr. Sutton will deliver the certificates to the graduating class.

LIBRARY COMMITTEE NAMED AT JACKSON

Jackson, Ga., June 2.—(Special.) A building committee to have charge of the erection of the A. K. Hawkes Children's library, recently awarded Jackson by executors of the Hawkes estate, has been named by Mayor H. M. Fletcher.

The committee consists of Aldermen G. E. Mallet, S. P. Nichols and J. R. Thurston; S. S. Copeland from the Kiwanis club; O. A. Pound from the board of education; and Mrs. J. B. Settle from the Woman's club. It is hoped to have the library completed by September. The site was donated by Mrs. A. W. Lane, of Macon, in honor of her father. The library will be built near the Jackson public school building.

Whiten Skin Almost Over Night

No more blackheads, pimples, freckles, or reddened skin almost over night. Dust, wind and clogged pores may have injured your skin. But underneath is a beautiful complexion. Banish blemishes this new way; don't let liver spots, moth patches or sallowness mar your beauty.

Make This 3 Minute Test
Three minutes before bedtime smooth some of this cool, fragrant cream upon your skin. The next morning look into your mirror! You will be astonished.

Atalidex. Money back if not satisfied. Let Company, 810 Poplar St., Paris, Tennessee.

GAVE CARDUI TO DAUGHTER

Alabama Mother Had Thorough Confidence in Cardui, as a Result of Her Own Long, Successful Use of It.

Gadsden, Ala.—"My back and hips gave me a great deal of trouble before my first baby was born," Mrs. W. J. Daugherty recently told a visitor at her home on Route 2, here.

"When I became . . . the second time, I had the same trouble, only worse. . . . Medicines did me no good at all; in fact, I got worse instead of better. Finally, when I had given up hope of getting well, a neighbor told me about Cardui. My husband got me a bottle and I started on it at once.

"Immediately I began to improve. I have taken Cardui ever since when I get puffy. . . . For female trouble it can't be beat. I gave it to my daughter when she was thirteen.

"I took it because I suffered so from aching all over—arms, legs and head. My head would ache for weeks at a time. After taking Cardui I have completely recovered.

Cardui is a perfectly harmless, mild, purely vegetable extract of medicinal herbs. One of the ingredients of which it is composed has been known to medical science for over 2,000 years and has been recommended by medical writers as being of great value in many female ailments. Sold everywhere.

Try the drug store first.

Mr. and Mrs. Stone Present Name Gift Scholarship to Tallulah

Miss Donna Stone, lovely daughter of Mr. and Mrs. F. O. Stone, who have presented to Tallulah Falls Industrial school a perpetual scholarship in honor of Miss Stone and her maternal grandmother, to be called the Donna Capple Lewis Stone scholarship.

A perpetual scholarship to the Tallulah Falls Industrial school, in the name of the Donna Capple Lewis Stone, was announced by Mrs. Bolling Jones, chairman of scholarships at the meeting of the trustees of the school held Monday afternoon at 5 o'clock at the Atlanta Woman's club.

Name Gift Scholarship.
This name gift scholarship of \$2,000, was made by Mr. and Mrs. F. O. Stone. Aside from its educational advantages it carries an unusual amount of sentiment, in that it is given in the name of their lovely young daughter, Miss Donna Stone, and Mrs. Stone's mother.

The Tallulah Falls Industrial school is owned and maintained by the Georgia Federation of Women's Clubs, and will this summer double its capacity as new buildings are in process of erection. The school carries the name of many persons whose friends desire them to be associated with the work, in memorials, service tributes and name.

Culture and Education.
Miss Stone is cultured and has been highly educated. She attended school at Baylor college, in Texas, afterward going to Gunston Hall in Washington. She was also a student at Cornell university and last year was enrolled at the Leland Powers

Fair-Weather Wives

BY MILDRED BARBOUR

Family Reactions.
Marjorie was sitting disconsolately on the stairs outside the library door. She had been banished from the room directly after her mother's startling announcement that she had plans of her own for the future. While her father had still been open-mouthed with amazement, her mother's pretty shallow eyes, looking strangely shrewd all of a sudden, had wandered to her daughter.

"Leave the room, Marjorie. I want to talk to your father. When Julie comes, ask her to wait for me. We'll go to the Clavingtons' together."

An incredulous exclamation broke from Marjorie's lips.

"Charlotte! You're not going to a dance after—"

"Now is precisely the time I should go," she said calmly. "People can't talk while we're holding up our heads and acting as though nothing had happened. I suppose this calamity will be blazoned in the newspapers tomorrow morning, if not tonight. When our acquaintances read it, they will say: 'It can't be as bad as reported. Why, the Boice-Nevins were at the Clavington dance last night!'"

Boice-Nevins made a weary, uncomprehending gesture and Marjorie slipped out into the hall.

Julie came, after a time, looking very regal in blue and silver, with a shimmering evening wrap flung over her bare shoulders.

"Norris has told me," she said in an awed whisper. "Is it really so terrible?"

Marjorie nodded.

"Mother and dad are in the library now."

"Poor mother!" sighed Julie.

"Poor dad!" Marjorie corrected with spirit. "Mother can take care of herself pretty well."

"But she'll die without luxury," protested Julie. "She was born to be extravagant and she hates scrubbing. I think she'd commit suicide if she couldn't have a maidservant. And Norris says everything will have to go. 'I'm afraid so,' Marjorie admitted.

"Well," Julie drew her wrap about her complacently. "I'm glad I married well while I had the chance. It relieves dad a little, anyway. It's up to you, kiddie. You'll either have to grab a millionaire or go to work. I'm afraid."

"I don't dread work," Julie shrugged white shoulders.

"Perhaps not. But you couldn't earn eight dollars a week with the train you've had. Fancy a trying to live on eight dollars a week! Ugh!"

"Mother said to ask you to wait," said Marjorie suddenly. "She wants to go to the Clavingtons' with you."

"Good for mother!" declared Julie admiringly. "That's the sporting spirit! Never say die!"

"I think she's heartless!" "Nonsense," wouldn't do any good to sit around and weep. Let's probably do that," she added.

"Why Leila?" Marjorie raised surprised brows.

"Oh, Leila! I decided that she's emotional. She thinks a singer's wife ought to be, to furnish the proper inspiration, you know. Besides, she'll have material cause for tears in this instance. And I've been waiting to touch dad for the price of a winter on the Riviera. Ivan thinks the air will help his throat. He's been having trouble, you know."

"Poor dad!" murmured Marjorie for the second time.

A moment later the library doors opened and Mrs. Boice-Nevins came out. Her face was becomingly dumbed. Her eyes sparkled with excitement.

"Ah, there you are, Julie. So nice of you to wait. I shan't keep you a moment."

She hurried gracefully up the stairs to her dressing room. Julie followed her, her round blue eyes vividly eager for details.

Dad came into the entrance hall,

Mr. and Mrs. Stevens Honor Mrs. Chase at Box Party at Lyric

Mr. and Mrs. T. T. Stevens entertained in honor of Mrs. Lyman Chase, of Chicago, at a large box party at the Lyric theater on Monday evening.

Mrs. Chase is visiting her mother, Mrs. Francis Brown Chase, at her lovely country home on Brown's Mill road, and is being complimented at a number of parties while here. Mrs. Chase is a former Atlanta girl and her host of friends throughout the city have welcomed this opportunity to entertain her at a series of lovely social affairs.

Included in Mr. and Mrs. Stevens' party were Mrs. Francis Brown Chase, Mr. and Mrs. George Hope, Mr. and Mrs. Bun Wylie, Mr. and Mrs. R. C. Doby, Mr. and Mrs. Hal Hentz, Mr. and Mrs. W. L. Ingles, Mr. and Mrs. Charles Rice, Dr. and Mrs. R. K. McCormack, Mr. and Mrs. Charles Chalmers, Mrs. James Stanley Moore, Mrs. Arthur Scott, Mr. and Mrs. Houghton Turner, Mr. and Mrs. R. K. Rambo, Mr. and Mrs. Earl Scott, Mr. and Mrs. Enrico Leide, Mr. and Mrs. Charles Lordin, Walter Brown, Hugh Wilson, Thomas Connolly, and U. R. Hatfield.

HOUSEHOLD SUGGESTIONS

The Spring Complaint.
Boric acid placed in the stockings will relieve tired and burning feet, at the same time acting as a deodorant.

Empty Fruit Jars.
Never use fruit jars that have been standing empty for quite some time without sterilizing them. They should be boiled in soda water and then rinsed with clear boiling water to make them germless.

A Small Economy.
Let the loaf of bread stand on the waxed paper in which it is wrapped when cutting it. You will be surprised how many crumbs are accumulated each meal. They can be dropped into a glass jar and used for breading purposes or for the tops of casseroles.

A Trick for Sewers.
One woman who does considerable dressmaking had a groove cut in the front of her sewing machine and her yardstick fitted into the groove and glued tight. The entire top of the machine was then given a coat of varnish to make the stick inconspicuous, but not to affect the numbers. She claims it a wonderful convenience and help.

The Constitution's Patterns

**A POPULAR HOUSE DRESS FOR
SLENDER OR MATURE FIGURES**
4593. Striped percale is here combined with white pique. This is a good style for ruffine, for wool, serge, and also for linen, gingham and voile. The sleeve may be finished in wrist or elbow length.

The pattern is cut in seven sizes: 36, 38, 40, 42, 44, 46 and 48 inches bust measure. The width at the foot is two yards. A 38-inch size will require 4-3/4 yards of 36-inch material. Collar, vest and pocket flaps of contrasting material require 1-2 yard.

Pattern mailed to any address on receipt of 10c in silver or stamps.

A SEASONABLE STYLE.
4767. Here is a pretty model for bordered materials, printed crepe or georgette. It is also attractive for linen, wash silks and pongee. The blouse may be finished in either of two lengths, and with the sleeve short or in wrist length.

The pattern is cut in seven sizes: 34, 36, 38, 40, 42, 44 and 46 inches bust measure. A 38-inch size requires 6-5/8 yards of 32-inch material. For the blouse with short sleeves and in short length 1-1/4 yard less will be required. The width of the skirt at the foot is two yards.

Pattern mailed to any address on receipt of 10c in silver or stamps.

DAILY CALENDAR OF WOMEN'S MEETINGS

The regular meeting of the Worthy Matrons' club, Order of the Eastern Star, will be held this afternoon at 2:30 o'clock in the rooms of Gate City chapter, ninth floor of the Forsyth building.

The Robert E. Lee chapter, U. D. C., will meet at 3:30 o'clock today, at the home of Mrs. V. C. Mason, Virginia avenue, College Park.

The executive board of the woman's auxiliary of the First Presbyterian church will hold its regular monthly meeting this morning at 10 o'clock at the home of Mrs. R. M. Callaway, Pershing Point apartments.

The Euzelian class of the Third Baptist church will have a measuring party this afternoon at the home of Mrs. Ellis Barrett, 238 Jones avenue.

The Atlanta Humane society will hold its regular monthly meeting in room 207, Chamber of Commerce, this afternoon at 4 o'clock.

The regular monthly meeting of the Georgia B. W. M. U. executive board will be held today at 12 o'clock in the W. M. U. office in the Palmer building.

Today at 2:30 o'clock the Kirkwood Civic league will hold its regular monthly meeting in the school auditorium.

A call meeting of the executive board and grade chairmen of Calhoun Parent-Teacher association will be held this morning at 11 o'clock.

The regular meeting of the Uncle Remus Memorial association will be held this morning at 10:30 in the assembly room of the Carnegie library.

Mrs. H. Eugene Sisson and Mrs. C. T. Garrett will entertain at a benefit party for Kirkwood chapter No. 223, O. E. S., today at 3 o'clock, at the home of Mrs. Sisson, 54 Dunwoody street, Kirkwood.

The regular monthly meeting of the Hadassah chapter will take place at 3 o'clock at the Jewish Educational alliance.

Executive board of Decatur Woman's club will meet today at 3 o'clock at the Decatur Presbyterian church.

The regular meeting of the board of city missions, under the auspices of the Methodist women of Atlanta, will be held this morning at 10:30 o'clock at the Wesley Community center, Berean avenue and Powell street.

The League of Women Voters will hold their regular monthly board meeting this morning at 10 o'clock.

Miss Craft Gives Box Party

Miss Myrtle Craft will entertain at a box party, Lyric theater, Tuesday afternoon in honor of her sister, Miss Rachel Craft, member of the graduating class of Commercial High school. The guests invited are Misses Marion Knight, Evelyn McLeod, Thelma Miles, Margaret Kenney, Rachel Craft and Myrtle Craft.

Australia will buy more than \$125,000,000 worth of goods from this country this year, nearly 50 per cent more than last year.

Reception Given By West End Club At Terrace Today

The members of the West End Woman's club, with their friends, will be honor guests at a reception to be given by the executive board on Tuesday afternoon from 3 until 5 o'clock at the Georgian Terrace. Music will be furnished by members and friends of the club. Officers and chairmen will receive.

How to Make Black- berry or Dewberry Jam in 15 Minutes

By Ann Proctor

The most delicious blackberry or dewberry jam you ever tasted—chock full of the natural flavor—can be made at home by anyone within 15 minutes after the berries are picked and crushed. I use the CERTO method because it takes only one minute's boiling, thus saving flavor, never fails, and is cheaper because I get one-half more jam from the same amount of berries.

To make 12 large glasses of blackberry jam, use this simple recipe: Crush about 2 quarts ripe berries in separate portions, so that each berry is mashed. This allows fruit to quickly absorb the sugar during the short boil. Measure 4 level cups (2 lbs.) crushed berries into large kettle, add 7 level cups (3 lbs.) sugar and mix well. Use hottest fire and stir constantly before and while boiling. Boil hard for one full minute, remove from fire and stir in 1-2 bottle (scant 1-2 cup) CERTO. From time jam is taken off fire allow to stand not over 5 minutes by the clock, before pouring. In the meantime, skim and stir occasionally to cool slightly. Then pour quickly into jars.

Use same recipe for Raspberry, Strawberry or Loganberry Jam.

By this short "CERTO Process" you save all the flavor that is lost away by the old method. Time and worry are saved and you have 5 lbs. of jam from 2 lbs. of berries as against 3 lbs. by the old method and you save cost with 50c berries and 10c sugar is less than 10c per glass.

CERTO is simply the "jelly" property of fruit, refined and concentrated. It contains no gelatin or preservatives and is obtainable of grocers everywhere in brown bottles. It is also the only national authority for making delicious jams and jellies by the "CERTO Process" is found in the CERTO Book of Recipes, a copy of which is attached to every bottle of CERTO.

Use CERTO this year in making all your jams and jellies. It saves time, worry and boiling. The "CERTO Process" never fails and saves money because you make half as much more jam from the same amount of fruit; it is endorsed by national authorities and cooking experts, only jam made with CERTO keeps perfectly.

—(adv.)

OPERATION ADVISED FRIEND SAID "DON'T DO IT!"

Try Lydia E. Pinkham's Vegetable Compound First. Proved Good Advice

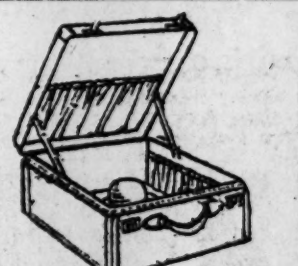

Chicago, Illinois.—"Just a few lines to let you know what Lydia E. Pinkham's Compound did for me. I was married going on for three years, and went to a doctor and was taking treatments twice a week for pains every month. I used to lie in bed three or four days with them and the doctor would call and inject something into my arm to put me asleep so I would not feel the pains. At last she said I would have to be operated on if I wanted any children. Well, I just happened to go to see a friend with her first baby and I told her I was going to the hospital, and she said, 'Don't do it! You go and get a bottle of Lydia E. Pinkham's Vegetable Compound and you won't need any operation.' So my husband got me a bottle right away. Now I have two lovely children. I recommend the Vegetable Compound to every woman. It has helped me and a lot of my friends."

—Mrs. A. MCANDLESS, 1709 South Morgan St., Chicago, Illinois.

KRYPTOK BIFOCALS

The Ballard Make

They are a combination of glass allowing you to see both near and far with one solid glass. No removing your reading glass to see distant objects, no seams, lines or blisters to worry you or attract attention of others to your age. Absolutely invisible while on the face they have proven a revelation to thousands who have come to us for them. Why are we successful with Kryptoks? Because, we are extremely careful in the examination of your eyes, the correct grinding of the glass, and perfect adjustment of frames to each individual face, all of which is absolutely necessary to insure comfort and appearance. If you have Kryptoks bought elsewhere and cannot use them bring them to us and we will find the trouble. Ask the better oculists or any of our patients what the Ballard service is to the public.

Bible Workers Of 25 Churches Attend School

Twenty-five different churches were represented in the initial session of the training school for daily vacation Bible school workers at the First Baptist church Monday night. The principal instructor in the school is Dr. Albert H. Gage, of Chicago, an internationally-known authority on vacation Bible school work. Dr. Gage devoted Monday evening to a discussion of the meaning and importance of the vacation Bible school, its value to the child, to parents, to the church, to the community, and to the teacher.

The first period of the daily program of a daily vacation Bible school was discussed and explained. The elements presented in this connection were: The faculty meeting, the morning greeting, the call to worship and the worship period. Following this teaching period, the entire school was divided into groups to learn hand work. Miss Rose Mae King, of the Second Baptist church; Mrs. L. L. Perrine and Miss Thelma Thompson, of the Decatur Baptist church, assisted Dr. Gage in hand work instruction.

This training school, promoted by the Sunday school department of the Georgia Baptist convention and under the direction of Secretary James W. Merritt, will continue through Friday evening. The sessions begin at 7 o'clock and close at 9. The program for Tuesday evening will feature the question of how to organize for a school, story telling and dramatization, and learning to do the handwork. Under the head of organization will be taken up the local church committee, its duties, how to secure and train teachers, and how to finance a school.

MORTUARY

JOHN COLUMBUS HICKS.
John Columbus Hicks died Sunday at the residence, 447 Allen avenue. He is survived by his widow, three sons, L. C. W. Hicks, Robert Hicks, and Charles Hicks, and two daughters, Mrs. W. A. Peavy, and Miss Mary and Helen Hicks, all of Decaturville. Mrs. Hicks, of Columbus City, Ala., and Albert Hicks, of Piedmont, Ala. Burial at Mount Zion in charge.

REBEA CRAWFORD IN FIRST TALK HERE ON SUNDAY

Rebea Crawford, former Atlanta girl, and known throughout the nation as a Salvation Army worker, will hold the first of her series of services here Sunday at the auditorium, coming to Atlanta from Macon, where she recently completed a successful meeting.

Miss Crawford was well known in Atlanta several years ago through her work in the interests of the Salvation Army, and since going to New York city, has become known as "The Angel of Broadway." At one time she was a reporter for The Constitution.

About a year ago she severed her connection with the Salvation Army and is now conducting a series of evangelistic services.

PEACHTREE ROAD HOME

On large elevated lot on this thoroughfare we have a very fine home of about ten rooms. This includes three large bedrooms, large sleeping porch and two tile bath rooms; hardwood floors downstairs, library being finished in genuine mahogany; very attractive stucco sun parlor; hot water heat; double garage and servants' house with two rooms. This is a real home and if you are interested we can give you a low figure; in fact the owner wants an offer.

A Home With Safety And a Sure Profit

Happiness and Profit Here

That opportunity is open to you in buying this beautiful bungalow on Stewart Avenue by our hundred payment plan.

Your safety is in avoiding a mortgage. The holder of second mortgage notes is not in position to invade the purchaser if he falls behind on the interest or principal of the mortgage.

In buying of us, without a mortgage, you have but one creditor, who is able and willing to accommodate a man who is honestly doing his best and meets a reverse.

By our plan you save 5 per cent on a loan and its renewal, 5 per cent real estate commission and a builder's profit. The rent you save will pay half the cost, so you get a two-for-one profit on the net cost.

This pretty house has a cream brick front, five large rooms, with high ceiling, ample closets, tile bath, window seat, china cabinet, oak floors in living room and dining room, French doors between, screened back porch, large front veranda, garage and cement drive—all for \$6,200—\$500 cash and \$55 a month. Phone Mr. Settle, WALNUT 2811, and see the house.

Announcing

Our Removal to Our New Store,
at 76 Marietta St. Ground Floor, Rhodes Building
Where We Are Ready to Supply You Every Need in---

Everything For the Office

—From the Ink Well to the President's Desk!

AFTER being for more than twenty years on South Broad Street, we have moved our show rooms to the ground floor of the Rhodes Building, where we occupy No. 76 Marietta Street and several floors in the Rhodes Building Annex immediately in the rear of and connected with the Marietta Street frontage. We are local representatives for a number of well-known manufacturers of office equipment, including the Globe-Wernicke Co., makers of wood and steel filing devices and sectional bookcases; The Standard Furniture Co., manufacturers of desks and tables; Herring-Hall-Marvin Safe Co., builders of safes and vaults; Thomas A. Edison, Inc., manufacturers of the Ediphone; The Corona Typewriter Co., makers of the "Personal Writing Machine;" and other nationally known manufacturers.

We extend to you a cordial invitation to visit us in our new home, assuring you at all times of the very best in whatever your needs may require in office fixtures and supplies.
